I'm Genes in Space winner Alia Almansoori taking you Inside KSC

2

00:00:07,100 --> 00:00:10,020

The week kicked off with the spectacular liftoff of a

3

00:00:10,030 --> 00:00:12,219

SpaceX Falcon 9 rocket and Dragon spacecraft.

4

00:00:13,219 --> 00:00:15,080

The company's 12th commercial resupply mission to the

5

00:00:15,080 --> 00:00:17,850

International Space Station started right on time

6

00:00:17,850 --> 00:00:20,970

August 14 with launch at 12:31 p.m. Eastern.

7

00:00:20,970 --> 00:00:22,030

SOT: "Liftoff.

8

00:00:22,030 --> 00:00:24,570

A Falcon 9 takes flight with the Dragon

9

00:00:24,570 --> 00:00:27,980

spacecraft destined for the one-of-a-kind laboratory in

10

00:00:27,980 --> 00:00:30,340

microgravity, the International Space Station."

11

00:00:32,660 --> 00:00:35,540

The Dragon carried more than 6,400 pounds of

12  
00:00:35,540 --> 00:00:37,600  
equipment, science materials and supplies  
for the

13  
00:00:37,600 --> 00:00:40,280  
station crew -- including ice cream.

14  
00:00:40,280 --> 00:00:42,950  
Acting NASA Administrator Robert Lightfoot  
and

15  
00:00:42,950 --> 00:00:45,880  
Associate Administrator Lesa Roe visited Kennedy  
this

16  
00:00:45,880 --> 00:00:48,480  
week to address the spaceport workforce about  
how

17  
00:00:48,480 --> 00:00:50,850  
they're working with the new administration.

18  
00:00:50,850 --> 00:00:53,300  
President Trump recently signed an executive  
order

19  
00:00:53,300 --> 00:00:55,720  
reestablishing the National Space Council,  
to be

20  
00:00:55,720 --> 00:00:58,190  
chaired by Vice President Mike Pence, who  
visited
