

1

00:00:00,450 --> 00:00:04,950

Here's how to get a unique look at a variety of NASA spacecraft designed to study the Earth,

2

00:00:04,950 --> 00:00:09,290

Mars, and the universe, and the rockets that propel them into space.

3

00:00:09,290 --> 00:00:13,280

First, download the app on your device.

4

00:00:13,280 --> 00:00:18,820

Next, email, download, or print the marker page -

5

00:00:18,840 --> 00:00:23,080

the augmented reality target images of various terrains.

6

00:00:23,080 --> 00:00:27,190

On the app, select your spacecraft or launch vehicle.

7

00:00:27,190 --> 00:00:33,850

Hold your device over the target image and your rocket or spacecraft will appear in 3D.
