Hi, my name is Drew Smith, and I'm a Robotics Engineer with Kennedy Space Center's Exploration

2
00:00:10,910 --> 00:00:12,490

Research & Technology Programs.

3
00:00:12,490 --> 00:00:17,680

I am excited to be working in an area of research that will enable NASA to have a sustained

4
00:00:17,680 --> 00:00:19,620

presence on the moon or Mars.

5
00:00:19,620 --> 00:00:24,730

Before we can send humans, we will need landing and launching pads, habitats, and fuel for

6
00:00:24,730 --> 00:00:27,920

the return trip home--and we will need resources at our

7
00:00:27,920 --> 00:00:29,470

destination to accomplish this.

8
00:00:29,470 --> 00:00:34,820

One thing I like to tell interns who come into our lab is a quote from Colin Powell,
