

I'm NASA Kennedy's
Cory Taylor
taking you...

1

00:00:00,660 --> 00:00:05,620

Hi, I'm NASA Kennedy's Cory Taylor and I'm taking you Inside KSC!

2

00:00:06,880 --> 00:00:11,440

NASA and SpaceX are preparing for the next launch of the company's 13th Commercial Resupply

3

00:00:11,440 --> 00:00:14,730

Services mission to the International Space Station.

4

00:00:14,730 --> 00:00:18,570

The upcoming liftoff of a Falcon 9 rocket will be the first this year from Space Launch

5

00:00:18,570 --> 00:00:21,740

Complex 40 at Cape Canaveral Air Force Station.

6

00:00:21,740 --> 00:00:26,400

Once the Dragon spacecraft arrives at the space station, Expedition 53 astronauts will

7

00:00:26,400 --> 00:00:30,689

use the Canadarm2 to attach the capsule to the station's Harmony module.

8

00:00:30,689 --> 00:00:35,379

Dragon will deliver thousands of pounds of science, research and crew supplies to the

9

00:00:35,380 --> 00:00:39,360

orbital laboratory and its six crew members

10

00:00:39,360 --> 00:00:44,540

At NASA's Kennedy Space Center, the agency has kicked off its annual Combined Federal Campaign

11

00:00:44,540 --> 00:00:49,220

or CFC. It's the world's largest workplace giving effort providing civil-service

12

00:00:49,220 --> 00:00:53,220

personnel an opportunity to voluntarily support a wide variety of charities.

13

00:00:53,220 --> 00:00:59,400

Since its inception 56 years ago, CFC has raised over \$8.2 billion dollars.

14

00:00:59,440 --> 00:01:04,390

Last year Kennedy civil servants gave almost \$400,000 to non-profit organizations.

15

00:01:04,390 --> 00:01:08,190

This year federal personnel also may choose to pledge volunteer work in addition to monetary

16

00:01:08,190 --> 00:01:09,650

donations.
