hey I'm NASA Kennedy's Hector we're

2
00:00:11,450 --> 00:00:09,169
the next in a series of a dance weather

3
00:00:12,200 --> 00:00:11,460
satellite has been secured inside the

4
00:00:14,240 --> 00:00:12,210
payload fairing

5
00:00:17,200 --> 00:00:14,250
that will protect it during its climb to

6
00:00:20,689 --> 00:00:17,210
space NOAA's geostationary operational

7
00:00:22,759 --> 00:00:20,699
environmental satellite or ghost s was

8
00:00:25,730 --> 00:00:22,769
encapsulated inside the United Launch

9
00:00:28,310 --> 00:00:25,740
Alliance Atlas 5 fairing ahead of it

00:00:30,560 --> 00:00:28,320
upcoming move to Space Launch Complex 41

11
00:00:33,170 --> 00:00:30,570
from Cape Canaveral Air Force Station in

12
00:00:36,590 --> 00:00:33,180
Florida launch is scheduled for March

13
00:00:39,889 --> 00:00:36,600

1st a spacecraft just in to search for

14

00:00:41,959 --> 00:00:39,899

exoplanets is one step closer to liftoff

15

00:00:43,940 --> 00:00:41,969

after its arrival at Kennedy Space

16

00:00:47,240 --> 00:00:43,950

Center payload hazardous servicing

17

00:00:50,270 --> 00:00:47,250

facility the transiting exoplanet survey

18

00:00:52,970 --> 00:00:50,280

satellite or test is a two-year mission

19

00:00:54,889 --> 00:00:52,980

that will look for exoplanets in orbit

20

00:00:57,410 --> 00:00:54,899

around the brightest stars in the sky

21

00:01:00,369 --> 00:00:57,420

test is slated to launch this spring

22

00:01:02,779 --> 00:01:00,379

aboard a SpaceX Falcon 9 rocket

23

00:01:03,170 --> 00:01:02,789

management of the launch service for

24

00:01:05,450 --> 00:01:03,180

goals

25

00:01:08,149 --> 00:01:05,460

s and tests is a responsibility of
