

1

00:00:05,880 --> 00:00:10,580

Hi, my name is Mike Lester, and I'm the
KSC Technology Transfer Partnership Manager

2

00:00:10,589 --> 00:00:14,610

with Kennedy Space Center's Exploration
Research & Technology Programs.

3

00:00:14,610 --> 00:00:19,620

I'll bet you're familiar with NASA's
innovation to explore space but did you also

4

00:00:19,620 --> 00:00:23,550

know that many of NASA's inventions also
improve our lives here on Earth?

5

00:00:23,550 --> 00:00:29,340

Through our Technology Transfer Program, NASA
has for decades helped the US public use our

6

00:00:29,340 --> 00:00:34,110

patented space technologies to create break-through
products for use on Earth,

7

00:00:34,110 --> 00:00:38,420

that make our world a better place and impact our everyday lives in a positive way.

8

00:00:38,420 --> 00:00:44,030

Those of us working for the program are committed
to ensuring that continues so the Nation receives

9

00:00:44,030 --> 00:00:48,940

the fullest benefit from NASA's effort to
unravel the mysteries of space and to create

10

00:00:48,940 --> 00:00:50,370

a better world for future generations.

11

00:00:51,500 --> 00:00:53,420

But to do that, we need you!

12

00:00:53,420 --> 00:00:58,240

A new generation of engineers, scientists,
inventors and high tech entrepreneurs willing
