

**INSIDE
▶▶ KSC!**

1
00:00:08,480 --> 00:00:02,990
hi I'm NASA Kennedy's Callie Burke

2
00:00:11,390 --> 00:00:08,490
taking you inside KSC NASA's test

3
00:00:14,209 --> 00:00:11,400
spacecraft lifted humanity into a new

4
00:00:17,300 --> 00:00:14,219
period of discovery as it blasted off

5
00:00:20,420 --> 00:00:17,310
from Space Launch Complex 40 on a SpaceX

6
00:00:22,429 --> 00:00:20,430
Falcon 9 rocket test will provide scans

7
00:00:24,740 --> 00:00:22,439
of some of the nearest and brightest

8
00:00:27,589 --> 00:00:24,750
stars in our sky on the hunt for

9
00:00:29,359 --> 00:00:27,599
exoplanets that could support life the

10
00:00:31,519 --> 00:00:29,369
successful launch was years in the

11
00:00:34,639 --> 00:00:31,529
making as NASA's launch services program

12
00:00:36,860 --> 00:00:34,649
worked to certify SpaceX's rocket to

13
00:00:40,520 --> 00:00:36,870

carry an nasa's science mission for only

14

00:00:43,220 --> 00:00:40,530

the second time to see all of that hard

15

00:00:46,190 --> 00:00:43,230

work for the past two and a half years

16

00:00:50,029 --> 00:00:46,200

that the entire Falcon nine team within

17

00:00:51,619 --> 00:00:50,039

LSB put together to see that rewarded

18

00:00:54,560 --> 00:00:51,629

with a successful launch means so much

19

00:00:56,799 --> 00:00:54,570

to our team Kennedy welcomes a new

20

00:00:59,479 --> 00:00:56,809

spacecraft to the Space Coast

21

00:01:01,760 --> 00:00:59,489

NASA's Parker Solar Probe landed in

22

00:01:04,759 --> 00:01:01,770

Titusville where it was offloaded from

23

00:01:08,300 --> 00:01:04,769

the c5 galaxy and hauled to the

24

00:01:10,490 --> 00:01:08,310

Astrotech processing facility the Parker

25

00:01:12,410 --> 00:01:10,500

Solar Probe will get closer to the Sun

26

00:01:15,260 --> 00:01:12,420

than any other spacecraft in history

27

00:01:18,620 --> 00:01:15,270

after it lifts off from Space Launch

28

00:01:21,260 --> 00:01:18,630

Complex 37 on top of a United Launch

29

00:01:23,380 --> 00:01:21,270

Alliance Delta 4 heavy rocket this

30

00:01:26,110 --> 00:01:23,390

summer
