

**INSIDE
▶▶ KSC!**

1
00:00:07,579 --> 00:00:02,869
hi I'm NASA Kennedy's kevin mcleod and

2
00:00:10,339 --> 00:00:07,589
i'm taking you inside KSC first time

3
00:00:12,709 --> 00:00:10,349
nasa's modified mobile launcher made a

4
00:00:15,890 --> 00:00:12,719
trek to launch pad 39b atop

5
00:00:17,900 --> 00:00:15,900
crawler-transporter to the 380 foot tall

6
00:00:19,939 --> 00:00:17,910
structure underwent a fit check on the

7
00:00:22,730 --> 00:00:19,949
surface of the pad followed by several

8
00:00:24,470 --> 00:00:22,740
days of systems testing exploration

9
00:00:26,480 --> 00:00:24,480
ground systems is preparing the mobile

10
00:00:29,210 --> 00:00:26,490
launcher to support Space Launch System

11
00:00:32,420 --> 00:00:29,220
and Orion spacecraft for launch on

12
00:00:33,950 --> 00:00:32,430
exploration mission-1 with testing

13
00:00:35,750 --> 00:00:33,960

complete with the pad the mobile

14

00:00:37,180 --> 00:00:35,760

launcher was moved back along a crawl

15

00:00:39,709 --> 00:00:37,190

away to the Vehicle Assembly Building

16

00:00:42,170 --> 00:00:39,719

there it'll be moved slowly into high

17

00:00:44,360 --> 00:00:42,180

bay 3 for testing with 10 levels of new

18

00:00:48,410 --> 00:00:44,370

platforms and other systems necessary to

19

00:00:50,840 --> 00:00:48,420

process and prepare SLS and Orion and

20

00:00:52,740 --> 00:00:50,850

remember spaceport magazine digs deeper
