00:00:08,629 --> 00:00:06,589
[Music]

4
00:00:10,430 --> 00:00:08,639
NASA's Commercial Crew program is

5
00:00:11,959 --> 00:00:10,440
preparing to launch astronauts once

6
00:00:14,209 --> 00:00:11,969
again from American soil

7
00:00:15,829 --> 00:00:14,219
last week teams from NASA the Department

8
00:00:18,830 --> 00:00:15,839
of Defense human spaceflight support

9
00:00:21,710 --> 00:00:18,840
office and SpaceX together practiced

10
00:00:24,259 --> 00:00:21,720
medical triage and medical evacuation or

11
00:00:26,240 --> 00:00:24,269
medevac rehearsing for potential

12
00:00:28,550 --> 00:00:26,250
emergency scenarios helps ensure all

13
00:00:31,700 --> 00:00:28,560

teams are ready to safely respond to any

14

00:00:33,770 --> 00:00:31,710

situation this is the second of two such

15

00:00:35,990 --> 00:00:33,780

simulations performed before Commercial

16

00:00:39,139 --> 00:00:36,000

Crew flight tests which are scheduled

17

00:00:41,569 --> 00:00:39,149

for 2019 the first exercise was

18

00:00:44,420 --> 00:00:41,579

conducted at Space Launch Complex 41 and

19

00:00:48,560 --> 00:00:44,430

involved teams from NASA Boeing and

20

00:00:50,510 --> 00:00:48,570

United Launch Alliance NASA's

21

00:00:52,819 --> 00:00:50,520

exploration ground systems based here at

22

00:00:55,430 --> 00:00:52,829

Kennedy began Oh Ryan recovery testing

23

00:00:57,830 --> 00:00:55,440

this week off the California coast on

24

00:00:59,750 --> 00:00:57,840

board a US Navy ship senior NASA

25

00:01:01,610 --> 00:00:59,760

managers familiarize themselves with a

26

00:01:04,759 --> 00:01:01,620

week-long underway recovery test seven

27

00:01:07,310 --> 00:01:04,769

and its operation the recovery team is

28

00:01:08,630 --> 00:01:07,320

preparing for exploration mission-1 by

29

00:01:11,210 --> 00:01:08,640

insuring all their ground support

30

00:01:13,130 --> 00:01:11,220

equipment is working as expected for a

31

00:01:14,660 --> 00:01:13,140

smooth recovery of the Orion capsule

32

00:01:18,620 --> 00:01:14,670

when it splashes down in the Pacific
