

1  
00:00:05,450 --> 00:00:03,710  
up next we've got dragon separation from

2  
00:00:07,400 --> 00:00:05,460  
the top of that second stage which we'll

3  
00:00:09,410 --> 00:00:07,410  
get it give us a glimpse inside dragons

4  
00:00:11,720 --> 00:00:09,420  
trunk as mentioned earlier in the

5  
00:00:13,400 --> 00:00:11,730  
broadcast dragon carries cargo inside

6  
00:00:15,530 --> 00:00:13,410  
the capsule which is referred to as

7  
00:00:19,130 --> 00:00:15,540  
pressurized cargo and in its trunk

8  
00:00:21,080 --> 00:00:19,140  
referred to as unpressurized cargo and

9  
00:00:22,910 --> 00:00:21,090  
it looks like we have clean separation

10  
00:00:24,480 --> 00:00:22,920  
you can see inside the trunk right there
