1
00:00:06,970 --> 00:00:03,230
hi I'm NASA Kennedy's icy Nambiar I'm

2
00:00:11,629 --> 00:00:09,709
the United Launch Alliance Atlas five

3
00:00:14,539 --> 00:00:11,639
first aid booster that will help launch

4
00:00:16,640 --> 00:00:14,549
a Boeing cst-100 Starliner spacecraft in

5
00:00:18,470 --> 00:00:16,650
March has arrived at Cape Canaveral Air

6
00:00:19,580 --> 00:00:18,480
Force Station the booster arrived by

7
00:00:21,320 --> 00:00:19,590
ship to Port Canaveral

8
00:00:23,779 --> 00:00:21,330
and was struck from there to you LA's

9
00:00:25,849 --> 00:00:23,789
Atlas spaceflight Operations Center the

10
00:00:28,040 --> 00:00:25,859
rocket centaur upper stage arrived in

11
00:00:30,439 --> 00:00:28,050
October the Atlas 5 will launch

12
00:00:32,089 --> 00:00:30,449
Starliner on Boeing's uncrewed orbital

13
00:00:34,130 --> 00:00:32,099

flight test to the International Space

14

00:00:36,350 --> 00:00:34,140

Station paving the way for NASA's

15

00:00:39,619 --> 00:00:36,360

Commercial Crew program to return human

16

00:00:41,660 --> 00:00:39,629

space flight launches to US soil Kennedy

17

00:00:44,479 --> 00:00:41,670

Space Center Director Bob Cabana and

18

00:00:45,200 --> 00:00:44,489

three of his sts-88 crewmates Nancy

19

00:00:48,170 --> 00:00:45,210

curry Greg

20

00:00:49,760 --> 00:00:48,180

Jerry Ross and Jim Newman remember that

21

00:00:51,439 --> 00:00:49,770

milestone flight aboard shuttle

22

00:00:53,240 --> 00:00:51,449

Endeavour to start Assembly of the

23

00:00:54,889 --> 00:00:53,250

International Space Station they share

24

00:00:56,660 --> 00:00:54,899

their thoughts and memories about this

25

00:00:58,760 --> 00:00:56,670

historic mission with Kennedy employees

26

00:01:01,490 --> 00:00:58,770

in a panel discussion we work together

27

00:01:04,310 --> 00:01:01,500

as one and we have been for 20 years on

28

00:01:06,469 --> 00:01:04,320

the International Space Station and
