29
00:01:04,460 --> 00:01:00,210
exploration many names on that mirror

30
00:01:07,160 --> 00:01:04,470

commercially built and operated American

38
00:01:25,640 --> 00:01:24,240

spacecraft designed for humans will dock

39

00:01:27,590 --> 00:01:25,650

to the International Space Station and

40

00:01:30,020 --> 00:01:27,600

ultimately acts as a dress rehearsal for

41

00:01:32,060 --> 00:01:30,030

missions with astronauts aboard to meet

42

00:01:33,710 --> 00:01:32,070

NASA's requirements spacex must first

43

00:01:35,240 --> 00:01:33,720

demonstrate their systems are ready to

44

00:01:37,429 --> 00:01:35,250

begin regular flights to the space

45

00:01:39,590 --> 00:01:37,439

station after the uncrewed flight test

46

00:01:41,840 --> 00:01:39,600

SpaceX will complete a flight test with

47

00:01:44,670 --> 00:01:41,850

crew before becoming certified by NASA

48

00:01:46,890 --> 00:01:44,680

for crew rotation missions
