▶▶ KSCC!**

1
00:00:06,340 --> 00:00:02,600
hi I'm NASA Kennedy's Spencer Davis and

2
00:00:10,790 --> 00:00:09,080
NASA and Lockheed Martin conducted an

3
00:00:13,009 --> 00:00:10,800
important fit check at Kennedy Space

4
00:00:15,020 --> 00:00:13,019
Center's Shuttle Landing Facility the

5
00:00:17,000 --> 00:00:15,030
fit check ensures NASA's Orion crew

6
00:00:19,099 --> 00:00:17,010
module and the European service module

7
00:00:21,380 --> 00:00:19,109
fit nicely inside the super guppy

8
00:00:24,590 --> 00:00:21,390
aircraft when it travels to NASA plum

9
00:00:26,029 --> 00:00:24,600
Brook station in Sandusky Ohio this will

10
00:00:27,710 --> 00:00:26,039
be the first time the full Orion

11
00:00:30,650 --> 00:00:27,720
spacecraft will be transported in the

12
00:00:32,540 --> 00:00:30,660
guppy a plum Brook the crew and service

13
00:00:34,670 --> 00:00:32,550

modules will undergo full thermal vacuum

14

00:00:37,280 --> 00:00:34,680

testing to ensure they can survive the

15

00:00:38,389 --> 00:00:37,290

rigors of launch space travel reentry

16

00:00:40,580 --> 00:00:38,399

and splashdown

17

00:00:42,350 --> 00:00:40,590

Orion will launch atop the Space Launch

18

00:00:45,680 --> 00:00:42,360

System rocket from Kennedy's launch

19

00:00:47,990 --> 00:00:45,690

complex 39b on exploration mission-1 or

20

00:00:49,520 --> 00:00:48,000

em1 the mission will provide a

21

00:00:51,639 --> 00:00:49,530

foundation for human deep-space

22

00:00:54,110 --> 00:00:51,649

exploration

23

00:00:56,090 --> 00:00:54,120

senator Rick Scott attended a roundtable

24

00:00:58,310 --> 00:00:56,100

discussion with Kennedy director Bob

25

00:01:00,740 --> 00:00:58,320

Cabana and multi-user spaceport partners

26

00:01:02,540 --> 00:01:00,750

at the Saturn 5 conference center this

27

00:01:04,549 --> 00:01:02,550

meeting was held to discuss the needs of

28

00:01:06,710 --> 00:01:04,559

the Space Center and Cape Canaveral Air

29

00:01:08,090 --> 00:01:06,720

Force Station open dialogues such as

30

00:01:10,039 --> 00:01:08,100

this is key for the center's

31

00:01:12,590 --> 00:01:10,049

advancements and continued partnerships
