

INSIDE
▶▶ KSC!

1
00:00:05,740 --> 00:00:02,330
hi I'm NASA Kennedy's Greg Gattis and

2
00:00:10,910 --> 00:00:08,360
when humans return to the moon they'll

3
00:00:13,669 --> 00:00:10,920
need a place to live and work this week

4
00:00:14,930 --> 00:00:13,679
NASA began evaluating prototypes develop

5
00:00:17,120 --> 00:00:14,940
through the agency's next step

6
00:00:19,550 --> 00:00:17,130
initiative to help refine the design

7
00:00:22,700 --> 00:00:19,560
requirements for an american-made deep

8
00:00:24,259 --> 00:00:22,710
space habitat for the Gateway Lockheed

9
00:00:26,810 --> 00:00:24,269
Martin was the first to turn over its

10
00:00:29,779 --> 00:00:26,820
prototype to NASA and testing began on

11
00:00:31,820 --> 00:00:29,789
March 25th at Kennedy astronauts are

12
00:00:34,130 --> 00:00:31,830
taking part in the evaluations to

13
00:00:36,880 --> 00:00:34,140

provide their perspectives as those who

14

00:00:39,020 --> 00:00:36,890

may one day live and work at the outpost

15

00:00:40,760 --> 00:00:39,030

spaceport employees and their guests

16

00:00:43,360 --> 00:00:40,770

were on their feet this week to take

17

00:00:45,950 --> 00:00:43,370

part in the annual KSC walk run

18

00:00:48,740 --> 00:00:45,960

participants chose the two-mile five

19

00:00:50,690 --> 00:00:48,750

mile or 10 mile distance and enjoyed one

20

00:00:53,990 --> 00:00:50,700

another's company on the Shuttle Landing

21

00:00:55,610 --> 00:00:54,000

Facility runway the KSC walk run is a

22

00:00:57,680 --> 00:00:55,620

highlight of the center's annual safety

23

00:00:59,360 --> 00:00:57,690

and health days a week long event

24

00:01:02,060 --> 00:00:59,370

featuring guest speakers and topics

25

00:01:05,149 --> 00:01:02,070

focused on safety wellness at work and

26

00:01:09,170 --> 00:01:05,159

at home and reinforcing that safety is

27

00:01:11,390 --> 00:01:09,180

Kennedy's top priority and remember
