

1
00:00:02,720 --> 00:00:08,910

Flight commentator: Dragon separation confirmed. Michael Andrews, commentator: And there it is.
We have a successful deployment of our

2
00:00:08,910 --> 00:00:11,700

Dragon spacecraft on its way to the
International Space Station. You

3
00:00:11,700 --> 00:00:14,759

currently can see some of that
unpressurized cargo that resides in the

4
00:00:14,759 --> 00:00:20,160

trunk is exposed to the vacuum of space.
With Dragon deployed, the next major
