

1
00:00:02,520 --> 00:00:07,980

Safety is being built into every aspect of Boeing and SpaceX's crew missions, from

2
00:00:07,980 --> 00:00:13,190

testing commercial flight hardware that will carry astronauts to low-Earth orbit, to preparing

3
00:00:13,190 --> 00:00:16,270

for unlikely emergency situations.

4
00:00:16,270 --> 00:00:20,761

As both companies prepare to launch astronauts to the International Space Station from the

5
00:00:20,761 --> 00:00:25,860

United States, NASA and the Department of Defense prepare for the unlikely event of

6
00:00:25,860 --> 00:00:27,810

an emergency.

7
00:00:27,810 --> 00:00:32,369

The Department of Defense and U.S. Air Force Guardian Angels have rehearsed their rescue
