

1  
00:00:00,030 --> 00:00:09,480  
and the final second time eight seven  
six five four three two one zero

2  
00:00:09,480 --> 00:00:17,279  
ignition and liftoff of the Falcon 9  
rocket and the dragon spacecraft on the

3  
00:00:17,279 --> 00:00:21,330  
heels at the fiftieth anniversary of  
Apollo 11s return for the moon

4  
00:00:21,330 --> 00:00:29,679  
we send our science and supplies up to  
the International Space Station

5  
00:00:30,690 --> 00:00:35,030  
operations stage one propulsion is  
nominal

6  
00:00:39,520 --> 00:00:42,960  
vehicle is pitching downrange

7  
00:00:43,530 --> 00:00:46,430  
beautiful so far

8  
00:00:55,640 --> 00:01:12,140  
power until motor nominal check max Q  
maximum pressure of the rocket vehicle

9  
00:01:12,140 --> 00:01:14,409  
is supersonic

10  
00:01:28,140 --> 00:01:38,150  
vehicle is experiencing maximum  
aerodynamic pressure effect engine chill

11  
00:01:39,590 --> 00:01:46,250  
so they begin chilling the engine on the

second stage to get it ready to go

12

00:01:46,580 --> 00:01:54,810

beautiful shot they're looking up the  
tail end of the rocket and there's the

13

00:01:54,810 --> 00:01:58,070

Cape getting smaller and smaller
