1  
00:00:07,240 --> 00:00:02,090  
hi I'm NASA Kennedy's Dustin cammack and

2  
00:00:11,509 --> 00:00:09,379  
full-scale mock-up of the Space Launch

3  
00:00:13,580 --> 00:00:11,519  
System rocket score stage was loaded

4  
00:00:15,950 --> 00:00:13,590  
aboard NASA's Pegasus barge ahead of its

5  
00:00:18,620 --> 00:00:15,960  
departure from Kennedy Space Center the

6  
00:00:20,779 --> 00:00:18,630  
212 footlong core stage Pathfinder spent

7  
00:00:22,790 --> 00:00:20,789  
a month at the Florida spaceport teams

8  
00:00:25,220 --> 00:00:22,800  
with exploration ground systems and its

9  
00:00:27,259 --> 00:00:25,230  
contractor Jacobs practice off one in

10  
00:00:29,000 --> 00:00:27,269  
the core stage moving it to the Vehicle

11  
00:00:30,439 --> 00:00:29,010  
Assembly Building and maneuvering and

12  
00:00:32,600 --> 00:00:30,449  
stacking it using ground support

13  
00:00:35,750 --> 00:00:32,610

equipment critical training in support

14

00:00:37,549 --> 00:00:35,760

of the agency's Artemis missions the

15

00:00:39,319 --> 00:00:37,559

barge will return the Pathfinder back to

16

00:00:42,500 --> 00:00:39,329

nasa's michoud assembly facility in

17

00:00:44,479 --> 00:00:42,510

louisiana spacex fired up the super

18

00:00:46,549 --> 00:00:44,489

Draco engines at the company's engine

19

00:00:49,190 --> 00:00:46,559

testing facility in McGregor Texas the

20

00:00:50,779 --> 00:00:49,200

week of October 20th this test of the

21

00:00:52,790 --> 00:00:50,789

crew dragons upgrade the launch escape

22

00:00:54,650 --> 00:00:52,800

system is an important milestone in

23

00:00:57,590 --> 00:00:54,660

preparation for the company's upcoming

24

00:00:59,510 --> 00:00:57,600

in-flight abort test together NASA's

25

00:01:01,279 --> 00:00:59,520

Commercial Crew program and SpaceX

26

00:01:02,930 --> 00:01:01,289

are conducting hundreds of tests to

27

00:01:05,119 --> 00:01:02,940

confirm the escape system could carry

28

00:01:08,330 --> 00:01:05,129

astronauts to safety in the unlikely

29

00:01:10,399 --> 00:01:08,340

event of an emergency and remember
