1
00:00:06,460 --> 00:00:02,510
hi I'm Andrew Scarborough and I'm taking

2
00:00:13,280 --> 00:00:10,430
Boeing cst-100 Starliner completed the

3
00:00:16,010 --> 00:00:13,290
pad abort test November the 4th at the

4
00:00:18,740 --> 00:00:16,020
US Army's White Sands Missile Range in

5
00:00:21,230 --> 00:00:18,750
New Mexico this critical milestone was

6
00:00:23,840 --> 00:00:21,240
an end-to-end test of the vehicles

7
00:00:26,060 --> 00:00:23,850
launch abort system verifying it could

8
00:00:28,250 --> 00:00:26,070
safely carry the spacecraft away from

9
00:00:28,939 --> 00:00:28,260
the launch pad and the unlikely event of

10
00:00:32,120 --> 00:00:28,949
an emergency

11
00:00:34,190 --> 00:00:32,130
it was Boeing's first flight test with

12
00:00:36,530 --> 00:00:34,200
Starliner as part of NASA's Commercial

13
00:00:39,290 --> 00:00:36,540

Crew program it sets the stage for the

14

00:00:41,350 --> 00:00:39,300

company's orbital flight test which will

15

00:00:44,660 --> 00:00:41,360

launch an uncrewed Starliner spacecraft

16

00:00:47,350 --> 00:00:44,670

to the International Space Station on a

17

00:00:50,090 --> 00:00:47,360

United Launch Alliance Atlas 5 rocket

18

00:00:52,569 --> 00:00:50,100

the next spacecraft to study the Sun

19

00:00:56,330 --> 00:00:52,579

arrived at Kennedy November the first

20

00:00:58,910 --> 00:00:56,340

solar orbiter or solo was delivered to

21

00:01:01,220 --> 00:00:58,920

the launch and landing facility formerly

22

00:01:04,490 --> 00:01:01,230

the shuttle landing facility aboard an

23

00:01:06,980 --> 00:01:04,500

Antonov cargo plane the spacecraft was

24

00:01:09,440 --> 00:01:06,990

then transported to the Astrotech

25

00:01:13,340 --> 00:01:09,450

payload processing facility in nearby

26

00:01:15,520 --> 00:01:13,350

Titusville solar orbiter is a European

27

00:01:18,440 --> 00:01:15,530

Space Agency mission with NASA

28

00:01:20,270 --> 00:01:18,450

participation the mission aims to study

29

00:01:22,820 --> 00:01:20,280

the sun's a role in creating and

30

00:01:25,700 --> 00:01:22,830

controlling its magnetic fields it's

31

00:01:28,130 --> 00:01:25,710

slated to launch in February 2020 from

32

00:01:30,850 --> 00:01:28,140

Cape Canaveral Air Force Station aboard

33

00:01:33,830 --> 00:01:30,860

a United Launch Alliance Atlas 5 rocket

34

00:01:35,810 --> 00:01:33,840

this week the spaceport was the first

35

00:01:38,240 --> 00:01:35,820

NASA Center to be named a Purple Heart

36

00:01:40,999 --> 00:01:38,250

entity by the Military Order of the

37

00:01:43,819 --> 00:01:41,009

Purple Heart Kennedy is being recognized

38

00:01:45,260 --> 00:01:43,829

as a Purple Heart entity for the support

39

00:01:47,660 --> 00:01:45,270

of veterans through employment

40

00:01:49,490 --> 00:01:47,670

opportunities and services provided to

41

00:01:53,660 --> 00:01:49,500

veterans by the center's veteran

42

00:01:55,760 --> 00:01:53,670

employees resource group and remember
