

1
00:00:01,820 --> 00:00:03,980
Dragon separation

2
00:00:05,500 --> 00:00:07,860
There is Dragon gently floating away.

3
00:00:07,870 --> 00:00:13,830
People behind me are ecstatic to see this
final Dragon, Dragon 1 spacecraft heading

4
00:00:13,830 --> 00:00:16,510
off to the International Space Station.

5
00:00:16,510 --> 00:00:22,090
On the sides of Dragon, you can actually see
the fairings that protect the solar arrays.
