

1
00:00:04,280 --> 00:00:02,060
keeping our workforce and visitors safe

2
00:00:07,460 --> 00:00:04,290
is a top priority at NASA's Kennedy

3
00:00:09,799 --> 00:00:07,470
Space Center in response to the corona

4
00:00:12,650 --> 00:00:09,809
virus pandemic Florida's multi-user

5
00:00:14,870 --> 00:00:12,660
spaceport has transitioned to stage 3 of

6
00:00:17,140 --> 00:00:14,880
NASA's response framework

7
00:00:19,400 --> 00:00:17,150
employees are required to work remotely

8
00:00:21,650 --> 00:00:19,410
Center events have been cancelled

9
00:00:24,200 --> 00:00:21,660
meetings are being conducted remotely

10
00:00:26,380 --> 00:00:24,210
and on-site work is limited to that

11
00:00:28,880 --> 00:00:26,390
which is deemed mission essential

12
00:00:31,849 --> 00:00:28,890
additionally the Kennedy Space Center

13
00:00:33,889 --> 00:00:31,859

Visitor Complex was closed Monday until

14

00:00:36,590 --> 00:00:33,899

further notice while there are no

15

00:00:38,389 --> 00:00:36,600

confirmed coronavirus cases currently at

16

00:00:40,720 --> 00:00:38,399

Kennedy we believe this proactive

17

00:00:44,180 --> 00:00:40,730

response will have far-reaching benefits

18

00:00:46,160 --> 00:00:44,190

extending beyond the NASA family this

19

00:00:48,350 --> 00:00:46,170

year we plan to launch American

20

00:00:50,810 --> 00:00:48,360

astronauts on American Rockets from

21

00:00:53,090 --> 00:00:50,820

American soil once again and we need a

22

00:00:55,040 --> 00:00:53,100

healthy workforce to make that happen we

23

00:00:58,430 --> 00:00:55,050

will continue to monitor the situation

24

00:01:01,220 --> 00:00:58,440

and make insightful decisions based on

25

00:01:03,640 --> 00:01:01,230

the agency's core value of safety for

26

00:01:07,690 --> 00:01:03,650

more information head to NASA people
