

**INSIDE
▶▶ KSC!**

1
00:00:09,620 --> 00:00:04,190
hi I'm NASA Kennedy's Dillon Gladney and

2
00:00:11,450 --> 00:00:09,630
I'm outside KSC taking you inside is the

3
00:00:13,730 --> 00:00:11,460
solid rocket boosters that will launch

4
00:00:15,650 --> 00:00:13,740
NASA's Space Launch System rocket and

5
00:00:17,390 --> 00:00:15,660
Orion spacecraft on artemus are

6
00:00:19,730 --> 00:00:17,400
beginning to come together at the

7
00:00:21,859 --> 00:00:19,740
Kennedy Space Center the boosters have

8
00:00:24,590 --> 00:00:21,869
been made into the Rockets - after

9
00:00:27,099 --> 00:00:24,600
skirts inside the spaceports rotation

10
00:00:29,779 --> 00:00:27,109
processing and surge facility

11
00:00:32,209 --> 00:00:29,789
manufactured in Utah by Northrop Grumman

12
00:00:34,450 --> 00:00:32,219
the segments were shipped to Kennedy by

13
00:00:36,979 --> 00:00:34,460

rail earlier this month

14

00:00:39,080 --> 00:00:36,989

next the boosters will move to the

15

00:00:40,729 --> 00:00:39,090

nearby Vehicle Assembly Building where

16

00:00:43,340 --> 00:00:40,739

they will be stacked on top of the

17

00:00:46,940 --> 00:00:43,350

mobile launcher the twin boosters will

18

00:00:50,150 --> 00:00:46,950

provide more than 75% of the SLS rockets

19

00:00:53,180 --> 00:00:50,160

total thrust at liftoff Artemis will

20

00:00:55,760 --> 00:00:53,190

then test the SLS and Orion as an

21

00:00:59,290 --> 00:00:55,770

integrated system leading up to human

22

00:01:02,000 --> 00:00:59,300

missions to the moon oh say can you see

23

00:01:05,359 --> 00:01:02,010

Kennedy's most prominent landmark is

24

00:01:07,820 --> 00:01:05,369

getting an updated look the NASA logo an

25

00:01:09,710 --> 00:01:07,830

American flag on the south wall of the

26

00:01:12,050 --> 00:01:09,720

five hundred and twenty five foot tall

27

00:01:14,840 --> 00:01:12,060

Vehicle Assembly Building are being

28

00:01:17,090 --> 00:01:14,850

repainted it will take more than 500

29

00:01:20,960 --> 00:01:17,100

gallons of paint to cover the flag which

30

00:01:26,870 --> 00:01:20,970

measures 209 by 110 feet and the logo

31

00:01:29,539 --> 00:01:26,880

which measures 110 by 132 feet hm2 and H

32

00:01:31,780 --> 00:01:29,549

is painting of Titusville Florida are

33

00:01:34,690 --> 00:01:31,790

completing the massive paint job the

34

00:01:38,240 --> 00:01:34,700

iconic building was last repainted in

35

00:01:40,149 --> 00:01:38,250

2007 following repairs due to hurricane

36

00:01:43,600 --> 00:01:40,159

damage

37

00:01:46,959 --> 00:01:43,610
