

**INSIDE  
▶▶ KSC!**

1  
00:00:06,230 --> 00:00:03,350  
i'm nasa kennedy's larry moody

2  
00:00:07,749 --> 00:00:06,240  
and i'm outside kdc taking you inside

3  
00:00:09,910 --> 00:00:07,759  
ksc

4  
00:00:11,350 --> 00:00:09,920  
the artemis one launch team is

5  
00:00:13,910 --> 00:00:11,360  
sharpening its skills

6  
00:00:15,270 --> 00:00:13,920  
inside nasa kennedy space center's

7  
00:00:17,590 --> 00:00:15,280  
firing room

8  
00:00:19,910 --> 00:00:17,600  
the team conducted a key simulation on

9  
00:00:21,910 --> 00:00:19,920  
the procedures for cryogenic loading

10  
00:00:24,710 --> 00:00:21,920  
or fueling the space launch system

11  
00:00:27,589 --> 00:00:24,720  
rocket with super cold propellants

12  
00:00:29,509 --> 00:00:27,599  
during simulations potential problems

13  
00:00:32,150 --> 00:00:29,519

are introduced to test the team's

14

00:00:33,190 --> 00:00:32,160

application of firing room tools

15

00:00:36,310 --> 00:00:33,200

processes

16

00:00:38,709 --> 00:00:36,320

and procedures several more practices

17

00:00:40,950 --> 00:00:38,719

are planned at the florida spaceport

18

00:00:44,470 --> 00:00:40,960

ahead of liftoff of the agency's

19

00:00:46,549 --> 00:00:44,480

sls rocket and orion spacecraft

20

00:00:47,590 --> 00:00:46,559

these simulations are being led by

21

00:00:49,510 --> 00:00:47,600

launch controllers

22

00:00:52,150 --> 00:00:49,520

from kennedy's exploration ground

23

00:00:53,990 --> 00:00:52,160

systems who will oversee the countdown

24

00:00:57,350 --> 00:00:54,000

and liftoff of sls

25

00:00:59,349 --> 00:00:57,360

and orion astronaut jeanette epps

26

00:01:00,549 --> 00:00:59,359

has been assigned to nasa's boeing

27

00:01:02,229 --> 00:01:00,559

starliner 1

28

00:01:04,549 --> 00:01:02,239

mission to the international space

29

00:01:08,550 --> 00:01:04,559

station it will be the first

30

00:01:11,590 --> 00:01:08,560

operational crude flight of boeing's cst

31

00:01:14,710 --> 00:01:11,600

100 starliner spacecraft

32

00:01:17,910 --> 00:01:14,720

ebbs will join fellow nasa astronauts

33

00:01:18,710 --> 00:01:17,920

sunita williams and josh cassida for a

34

00:01:21,270 --> 00:01:18,720

six-month

35

00:01:23,350 --> 00:01:21,280

expedition planned to launch next year

36

00:01:25,990 --> 00:01:23,360

to the orbiting laboratory

37

00:01:28,230 --> 00:01:26,000

kennedy employees remember to fill out

38

00:01:30,789 --> 00:01:28,240

your safety culture survey

39

00:01:31,590 --> 00:01:30,799

safety is one of our core values the

40

00:01:34,789 --> 00:01:31,600

deadline

41

00:01:38,870 --> 00:01:34,799

is monday august 31st make

42

00:01:41,310 --> 00:01:38,880

your voices heard for more inside ksc

43

00:01:52,830 --> 00:01:41,320

check us out on social media and at
