1
00:00:06,150 --> 00:00:03,590
you're looking live at the crew dragon

2
00:00:06,550 --> 00:00:06,160
spacecraft and falcon 9 rocket set to

3
00:00:08,870 --> 00:00:06,560
carry

4
00:00:11,110 --> 00:00:08,880
three american astronauts and one

5
00:00:12,150 --> 00:00:11,120
japanese astronaut to the international

6
00:00:14,549 --> 00:00:12,160
space station

7
00:00:16,790 --> 00:00:14,559
in just a few hours today begins the

8
00:00:19,429 --> 00:00:16,800
first full duration science mission of

9
00:00:21,750 --> 00:00:19,439
nasa's commercial crew program

10
00:00:23,189 --> 00:00:21,760
good afternoon and welcome to kennedy

11
00:00:25,750 --> 00:00:23,199
space center in florida

12
00:00:27,750 --> 00:00:25,760
i'm marie lewis with nasa public affairs

13
00:00:29,269 --> 00:00:27,760

and i'm kate tyce senior certification

14

00:00:30,950 --> 00:00:29,279

engineer at spacex

15

00:00:33,510 --> 00:00:30,960

joining us today is someone very

16

00:00:35,750 --> 00:00:33,520

familiar with historic launch pad 39a

17

00:00:37,350 --> 00:00:35,760

retired nasa astronaut nicole stott

18

00:00:39,350 --> 00:00:37,360

welcome nicole

19

00:00:41,110 --> 00:00:39,360

good afternoon ladies it is wonderful to

20

00:00:42,069 --> 00:00:41,120

be here with you at the kennedy space

21

00:00:43,990 --> 00:00:42,079

center

22

00:00:45,670 --> 00:00:44,000

absolutely one of my favorite places on

23

00:00:49,430 --> 00:00:45,680

the planet

24

00:00:51,350 --> 00:00:49,440

and ours too absolutely at 7 27 pm

25

00:00:52,869 --> 00:00:51,360

eastern time this evening nasa

26

00:00:55,430 --> 00:00:52,879

astronauts mike hopkins

27

00:00:57,830 --> 00:00:55,440

victor glover shannon walker and japan

28

00:00:59,110 --> 00:00:57,840

aerospace exploration agency astronaut

29

00:01:01,189 --> 00:00:59,120

suichi naguchi

30

00:01:02,869 --> 00:01:01,199

will lift off from this historic launch

31

00:01:05,189 --> 00:01:02,879

complex 39a

32

00:01:07,190 --> 00:01:05,199

at nasa's kennedy space center and begin

33

00:01:09,590 --> 00:01:07,200

their six-month journey in orbit

34

00:01:10,310 --> 00:01:09,600

this mission known as crew one will be

35

00:01:11,830 --> 00:01:10,320

the first

36

00:01:13,910 --> 00:01:11,840

american launched mission with

37

00:01:15,749 --> 00:01:13,920

astronauts aboard since this

38

00:01:17,749 --> 00:01:15,759

since the demo 2 test flight this past

39

00:01:18,870 --> 00:01:17,759

summer that's right and we have teams

40

00:01:20,789 --> 00:01:18,880

across the world

41

00:01:23,030 --> 00:01:20,799

covering the action from spacex

42

00:01:25,350 --> 00:01:23,040

headquarters in hawthorne california

43

00:01:26,870 --> 00:01:25,360

mission control in houston and jaxa

44

00:01:29,350 --> 00:01:26,880

headquarters in japan

45

00:01:31,030 --> 00:01:29,360

and of course right here in florida so

46

00:01:32,870 --> 00:01:31,040

with crew suit up about

47

00:01:34,310 --> 00:01:32,880

seven minutes or so away we want to

48

00:01:35,830 --> 00:01:34,320

introduce our team at spacex

49

00:01:37,429 --> 00:01:35,840

headquarters in california
