

**INSIDE
▶▶ KSC!**

1
00:00:03,990 --> 00:00:01,990
hi i'm natasha's community public

2
00:00:04,630 --> 00:00:04,000
affairs specialist intern tori thompson

3
00:00:07,670 --> 00:00:04,640
and this is

4
00:00:07,990 --> 00:00:07,680
milo and we're outside ksc to give you a

5
00:00:11,110 --> 00:00:08,000
look

6
00:00:15,270 --> 00:00:12,709
after launching from kennedy space

7
00:00:17,430 --> 00:00:15,280
center's launch complex 39a

8
00:00:19,189 --> 00:00:17,440
nasa's spacex crew one astronauts

9
00:00:20,790 --> 00:00:19,199
arrived at the international space

10
00:00:23,109 --> 00:00:20,800
station for their six-month

11
00:00:23,830 --> 00:00:23,119
science mission mike hopkins victor

12
00:00:26,550 --> 00:00:23,840
glover

13
00:00:28,310 --> 00:00:26,560

shannon walker and soichi naguchi made

14

00:00:30,390 --> 00:00:28,320

history on the first crew rotation

15

00:00:33,030 --> 00:00:30,400

flight of a u.s commercial spacecraft

16

00:00:34,630 --> 00:00:33,040

with astronauts to the space station

17

00:00:37,030 --> 00:00:34,640

they launched aboard a spacex crew

18

00:00:39,590 --> 00:00:37,040

dragon spacecraft named resilience

19

00:00:41,350 --> 00:00:39,600

on the company's falcon 9 rocket joining

20

00:00:42,950 --> 00:00:41,360

the expedition 64 crew

21

00:00:44,630 --> 00:00:42,960

the new arrivals increased the regular

22

00:00:45,430 --> 00:00:44,640

crew size of the space station's

23

00:00:48,310 --> 00:00:45,440

expedition

24

00:00:49,990 --> 00:00:48,320

missions from six to seven astronauts

25

00:00:52,470 --> 00:00:50,000

this will boost the amount of crew time

26

00:00:54,389 --> 00:00:52,480

available for research

27

00:00:57,029 --> 00:00:54,399
