

I'm NASA Kennedy's

**TIM GRIFFIN**

taking you...

1  
00:00:03,750 --> 00:00:02,470  
this is nasa kennedy's tim griffin

2  
00:00:05,940 --> 00:00:03,760  
outside ksc

3  
00:00:07,510 --> 00:00:05,950  
taking you inside food

4  
00:00:10,230 --> 00:00:07,520  
[Music]

5  
00:00:12,150 --> 00:00:10,240  
the spacex falcon 9 rocket an upgraded

6  
00:00:14,549 --> 00:00:12,160  
cargo dragon launched on the company's

7  
00:00:16,790 --> 00:00:14,559  
21st contracted commercial resupply

8  
00:00:19,189 --> 00:00:16,800  
mission for nasa to the international

9  
00:00:22,230 --> 00:00:19,199  
space station on december 6.

10  
00:00:26,070 --> 00:00:22,240  
the rocket lifted off at 11 17 am

11  
00:00:28,070 --> 00:00:26,080  
eastern time from launch complex 39a

12  
00:00:29,910 --> 00:00:28,080  
the dragon spacecraft autonomously

13  
00:00:31,830 --> 00:00:29,920

docked with the harmony module on the

14

00:00:34,069 --> 00:00:31,840

orbiting laboratory the next day

15

00:00:35,030 --> 00:00:34,079

nasa astronauts kate rubins and victor

16

00:00:37,750 --> 00:00:35,040

glover

17

00:00:39,190 --> 00:00:37,760

monitored docking operations dragon

18

00:00:41,270 --> 00:00:39,200

carried more than 6

19

00:00:43,270 --> 00:00:41,280

400 pounds of research and supplies to

20

00:00:44,950 --> 00:00:43,280

the astronauts on board

21

00:00:46,790 --> 00:00:44,960

also delivered to the station is the

22

00:00:47,750 --> 00:00:46,800

first commercially owned and operated

23

00:00:52,549 --> 00:00:47,760

airlock

24

00:00:54,310 --> 00:00:52,559

dragon spends approximately one month

25

00:00:56,229 --> 00:00:54,320

attached to the space station

26  
00:00:58,389 --> 00:00:56,239  
the spacecraft will return to earth with

27  
00:01:00,150 --> 00:00:58,399  
cargo and research

28  
00:01:01,990 --> 00:01:00,160  
vice president mike pence chaired his

29  
00:01:02,950 --> 00:01:02,000  
eighth national space council meeting on

30  
00:01:04,710 --> 00:01:02,960  
december 9th

31  
00:01:06,950 --> 00:01:04,720  
in the saturn v building at kennedy

32  
00:01:07,429 --> 00:01:06,960  
space center to close out the virtual

33  
00:01:09,750 --> 00:01:07,439  
meeting

34  
00:01:10,950 --> 00:01:09,760  
nasa administrator jim bridenstine in

35  
00:01:13,750 --> 00:01:10,960  
the white house announced

36  
00:01:15,590 --> 00:01:13,760  
initial team of astronauts eligible for

37  
00:01:18,789 --> 00:01:15,600  
early artemis missions with crew

38  
00:01:20,870 --> 00:01:18,799

on and around the moon the artemis team

39

00:01:22,550 --> 00:01:20,880

will include 18 astronauts who may be

40

00:01:24,630 --> 00:01:22,560

assigned to lunar missions

41

00:01:25,590 --> 00:01:24,640

with more added over time as they are

42

00:01:27,109 --> 00:01:25,600

needed

43

00:01:29,670 --> 00:01:27,119

they will help pave the way for the

44

00:01:31,749 --> 00:01:29,680

artemis missions to come

45

00:01:33,030 --> 00:01:31,759

for more inside ksc check us out on
