

**INSIDE
▶▶ KSC!**

1
00:00:00,130 --> 00:00:07,270

I'm NASA Kennedy's Heidi Bowles, with
Safety Mission and Assurance and I'm outside

2
00:00:07,270 --> 00:00:09,380

KSC, taking you Inside KSC!

3
00:00:09,380 --> 00:00:13,900

A group of rescued rare sea turtles were relocated
from the northeast to the Florida coast.

4
00:00:13,900 --> 00:00:16,020

Thirty-six juvenile Kemp's ridley sea turtles,
were transported to NASA's Kennedy Space

5
00:00:16,020 --> 00:00:17,020

Center from rehabilitation facilities in Massachusetts
and New York.

6
00:00:17,020 --> 00:00:19,589

The turtles were carefully offloaded from
an aircraft, packed into vehicles, and driven

7
00:00:19,589 --> 00:00:20,589

to nearby Canaveral National Seashore.

8
00:00:20,589 --> 00:00:22,619

There, they were released into the Atlantic
Ocean.

9
00:00:22,619 --> 00:00:26,070

Retired NASA astronaut Nicole Stott, who is
passionate about environmental issues, made

10
00:00:26,070 --> 00:00:28,679

the call to Kennedy officials to help support
this mission.

11
00:00:28,679 --> 00:00:32,810

NASA conducted a pair of news conferences on March 1st, highlighting the second crew

12
00:00:32,810 --> 00:00:36,430
rotation flight of a U.S. commercial spacecraft with astronauts to the International Space

13
00:00:36,430 --> 00:00:37,430
Station.

14
00:00:37,430 --> 00:00:39,840
Speaking live from Kennedy, Kathy Lueders, NASA associate administrator for human exploration

15
00:00:39,840 --> 00:00:42,960
and operations, discussed NASA's SpaceX Crew-2 mission.

16
00:00:42,960 --> 00:00:45,280
The four crew members will launch from Kennedy aboard a Crew Dragon spacecraft atop a Falcon

17
00:00:45,280 --> 00:00:46,730
9 rocket no earlier than April 22nd.

18
00:00:46,730 --> 00:00:49,830
This will be the first commercial crew launch with two international partners.

19
00:00:49,830 --> 00:00:55,010
NASA conducted a pair of news conferences on March 1st, highlighting the second crew

20
00:00:55,010 --> 00:01:00,510
rotation flight of a U.S. commercial spacecraft with astronauts to the International Space

21
00:01:00,510 --> 00:01:01,510
Station.

22

00:01:01,510 --> 00:01:05,929

Speaking live from Kennedy, Kathy Lueders,
NASA associate administrator for human exploration

23

00:01:05,929 --> 00:01:08,369

and operations, discussed NASA's SpaceX
Crew-2 mission.

24

00:01:08,369 --> 00:01:13,960

The four crew members will launch from Kennedy
aboard a Crew Dragon spacecraft atop a Falcon

25

00:01:13,960 --> 00:01:14,960

9 rocket.

26

00:01:14,960 --> 00:01:20,049

This will be the first commercial crew launch
with two international partners.
