KM
ALTITUDE

1
00:00:07,269 --> 00:00:03,270
ten nine eight

2
00:00:11,509 --> 00:00:07,279
seven six five four

3
00:00:18,310 --> 00:00:11,519
three two one zero

4
00:00:22,870 --> 00:00:20,950
endeavor launches once again four

5
00:00:23,429 --> 00:00:22,880
astronauts from three countries on crew

6
00:00:25,109 --> 00:00:23,439
two

7
00:00:27,349 --> 00:00:25,119
now making their way to the one and only

8
00:00:29,189 --> 00:00:27,359
international space station

9
00:00:30,550 --> 00:00:29,199
vehicle is pitching down range nine

10
00:00:33,350 --> 00:00:30,560
merlin engines on the first stage

11
00:00:34,950 --> 00:00:33,360
providing 1.7 million pounds of thrust

12
00:00:41,990 --> 00:00:34,960
hearing good calls first stage

13
00:00:46,470 --> 00:00:44,950

we are t plus 30 seconds into the second

14

00:00:50,790 --> 00:00:46,480

rotational crew mission

15

00:00:53,350 --> 00:00:50,800

on board dragon and falcon 9.

16

00:00:54,790 --> 00:00:53,360

falcon 9 will be throttling down the

17

00:00:58,869 --> 00:00:54,800

nine merlin engines

18

00:01:00,950 --> 00:00:58,879

shortly here in preparation for

19

00:01:03,270 --> 00:01:00,960

in preparation for maximum dynamic

20

00:01:04,390 --> 00:01:03,280

pressure

21

00:01:07,270 --> 00:01:04,400

and there's that call out for the

22

00:01:07,670 --> 00:01:07,280

throttle down maximum dynamic pressure

23

00:01:09,510 --> 00:01:07,680

max

24

00:01:11,429 --> 00:01:09,520

q is the largest structural load that

25

00:01:15,990 --> 00:01:11,439

the vehicle sees throughout ascent
