

T - 00:15:00

CRS-23

1
00:00:03,429 --> 00:00:01,429
and back here live at kennedy we

2
00:00:05,190 --> 00:00:03,439
actually just got some bad news i just

3
00:00:07,829 --> 00:00:05,200
heard from my producer that today's

4
00:00:09,910 --> 00:00:07,839
launch attempt has ended in a scrub um

5
00:00:13,030 --> 00:00:09,920
let's head on over to andy at spacex to

6
00:00:14,629 --> 00:00:13,040
get more details about what happened

7
00:00:16,950 --> 00:00:14,639
yeah we did hear the launch director

8
00:00:18,790 --> 00:00:16,960
during that video package call hold hold

9
00:00:20,790 --> 00:00:18,800
hold to the countdown it does look like

10
00:00:22,230 --> 00:00:20,800
as joshua mentioned weather is not in

11
00:00:24,630 --> 00:00:22,240
our favor today

12
00:00:26,870 --> 00:00:24,640
the vehicle both dragon and falcon

13
00:00:30,310 --> 00:00:26,880

remain healthy we do have a backup

14

00:00:32,630 --> 00:00:30,320

opportunity tomorrow at 3 14 a.m eastern

15

00:00:35,750 --> 00:00:32,640

time so join us then i'm gonna hand it

16

00:00:38,869 --> 00:00:37,350

and thank you so much so again you just

17

00:00:41,190 --> 00:00:38,879

heard him say that today's launch

18

00:00:42,950 --> 00:00:41,200

attempt has ended in a scrub so we have

19

00:00:46,869 --> 00:00:42,960

another attempt scheduled as andy just

20

00:00:49,750 --> 00:00:46,879

said tomorrow at uh 3 14 a.m eastern

21

00:00:52,470 --> 00:00:49,760

time again tomorrow sunday august 29th 3

22

00:00:54,470 --> 00:00:52,480

14 a.m eastern time our launch coverage

23

00:00:57,910 --> 00:00:54,480

will begin here on nasa tv and the

24

00:00:59,349 --> 00:00:57,920

spacex webcast at 2 45 a.m eastern time
