

Live Data

Time (EpSec): 3490.7
Perigee Altitude (km): 207.43
Apogee Altitude (km): -6378.14
Inclination (deg): 30.549

1
00:00:05,510 --> 00:00:03,909
spacecraft set we have indication of

2
00:00:07,349 --> 00:00:05,520
successful separation of the lucy

3
00:00:09,589 --> 00:00:07,359
spacecraft so we're hearing some

4
00:00:11,669 --> 00:00:09,599
clapping here in the in the mvc here at

5
00:00:13,830 --> 00:00:11,679
the asaka joshua

6
00:00:15,749 --> 00:00:13,840
and that is a that is a huge moment for

7
00:00:17,349 --> 00:00:15,759
all of the teams kind of sitting around

8
00:00:20,390 --> 00:00:17,359
waiting to see what happens and making

9
00:00:22,950 --> 00:00:20,400
sure lucy is healthy and doing well but

10
00:00:24,710 --> 00:00:22,960
spacecraft separation a huge milestone
