

1
00:00:04,950 --> 00:00:02,550
there's a view inside the crew access

2
00:00:07,670 --> 00:00:04,960
arm raja chari tom marshburn as they

3
00:00:09,830 --> 00:00:07,680
make their way looking out the windows

4
00:00:12,150 --> 00:00:09,840
towards their spacecraft

5
00:00:14,150 --> 00:00:12,160
it's a great shot inside that uh that is

6
00:00:15,749 --> 00:00:14,160
a great shot that access arm and there

7
00:00:17,990 --> 00:00:15,759
they are approaching the end the

8
00:00:19,269 --> 00:00:18,000
capsule's just off to the left right

9
00:00:20,790 --> 00:00:19,279
there's a little tradition that happens

10
00:00:23,109 --> 00:00:20,800
inside there

11
00:00:23,910 --> 00:00:23,119
yes we will sign the wall of the white

12
00:00:26,230 --> 00:00:23,920
room

13
00:00:27,830 --> 00:00:26,240

got to make our mark

14

00:00:29,189 --> 00:00:27,840

and they're starting to do that there

15

00:00:30,630 --> 00:00:29,199

and getting a little guidance from one

16

00:00:33,750 --> 00:00:30,640

of the

17

00:00:36,870 --> 00:00:35,990

as you can see on your screen they are

18

00:00:43,350 --> 00:00:36,880

now

19

00:00:46,310 --> 00:00:43,360

and soon they will start ingressing into

20

00:00:48,470 --> 00:00:46,320

the vehicle and then start attaching

21

00:00:51,029 --> 00:00:48,480

their umbilicals to their suits from

22

00:00:52,310 --> 00:00:51,039

dragon and the suit techs are there to

23

00:00:55,029 --> 00:00:52,320

help them

24

00:00:56,950 --> 00:00:55,039

as needed along the way

25

00:00:58,630 --> 00:00:56,960

the umbilicals allow the crew to have

26

00:01:00,950 --> 00:00:58,640

comms through their suit air to help

27

00:01:03,510 --> 00:01:00,960

keep them cool as well as delivers

28

00:01:05,509 --> 00:01:03,520

nitrox for the suit pressurization as we

29

00:01:07,590 --> 00:01:05,519

mentioned earlier in the broadcast the

30

00:01:09,190 --> 00:01:07,600

suit's primary function is to protect
