

1
00:00:09,589 --> 00:00:07,190
so great we got an amazing shot of the

2
00:00:19,670 --> 00:00:09,599
correct sun retracting away

3
00:00:22,950 --> 00:00:21,029
so again this is going to take a few

4
00:00:24,630 --> 00:00:22,960
minutes to fully retract and then the

5
00:00:26,870 --> 00:00:24,640
next major activity is going to be

6
00:00:30,310 --> 00:00:26,880
arming that launch escape system

7
00:00:32,470 --> 00:00:30,320
of the dragon vehicle

8
00:00:34,310 --> 00:00:32,480
so far weather and range continue to be

9
00:00:36,549 --> 00:00:34,320
go for launch we are monitoring the

10
00:00:39,030 --> 00:00:36,559
clearance area around the launch pad as
