MINUTE SECOND

NASA

1
00:00:06,710 --> 00:00:04,249
we're about 24 minutes and Counting from

2
00:00:09,230 --> 00:00:06,720
liftoff of this Falcon 9 rocket for

3
00:00:11,390 --> 00:00:09,240
NASA's and spacex's 25th Commercial

4
00:00:13,490 --> 00:00:11,400
resupply Services Mission the dragon

5
00:00:16,129 --> 00:00:13,500
spacecraft you see there will fly more

6
00:00:18,470 --> 00:00:16,139
than 5 800 pounds of science supplies

7
00:00:20,570 --> 00:00:18,480
and food for the astronauts aboard the

8
00:00:22,370 --> 00:00:20,580
International Space Station

9
00:00:25,370 --> 00:00:22,380
good evening and thank you for joining

10
00:00:27,650 --> 00:00:25,380
me for live launch coverage of crs25 I'm

11
00:00:29,929 --> 00:00:27,660
Megan Cruz you just saw Falcon 9 and

12
00:00:31,669 --> 00:00:29,939
dragon on launch complex 39a here right

13
00:00:34,190 --> 00:00:31,679

behind me at Kennedy Space Center

14

00:00:37,069 --> 00:00:34,200

fueling began about 10 minutes ago and

15

00:00:40,549 --> 00:00:37,079

we have an instantaneous opportunity to

16

00:00:42,830 --> 00:00:40,559

launch at 8 44 PM eastern time these

17

00:00:44,630 --> 00:00:42,840

resupply missions are important so NASA

18

00:00:46,790 --> 00:00:44,640

and its International Partners can

19

00:00:48,950 --> 00:00:46,800

continue to conduct microgravity

20

00:00:51,110 --> 00:00:48,960

research aboard the space station over

21

00:00:52,790 --> 00:00:51,120

the last 21 years thousands of
