CRS-26

S2 RP-1 LOAD

S2 LOX LOAD

JASMINE HOPKINS

NASA COMMUNICATIONS

1
00:00:05,809 --> 00:00:03,130
you are looking live at launch complex

2
00:00:08,270 --> 00:00:05,819
39a at Kennedy Space Center

3
00:00:11,270 --> 00:00:08,280
we are just about 24 minutes away from

4
00:00:13,070 --> 00:00:11,280
liftoff of this Falcon 9 for the 26

5
00:00:15,470 --> 00:00:13,080
Commercial resupply Services Mission

6
00:00:17,630 --> 00:00:15,480
from both NASA and SpaceX to the

7
00:00:19,730 --> 00:00:17,640
International Space Station

8
00:00:23,029 --> 00:00:19,740
good afternoon and welcome to live

9
00:00:25,730 --> 00:00:23,039
coverage of CRS 26. I'm Jasmine Hopkins

10
00:00:27,769 --> 00:00:25,740
with NASA Communications fueling of the

11
00:00:30,109 --> 00:00:27,779
Falcon 9 rocket began about 10 minutes

12
00:00:33,650 --> 00:00:30,119
ago and we are counting down to an

13
00:00:34,549 --> 00:00:33,660

instantaneous launch at 3 54 PM Eastern

14

00:00:36,830 --> 00:00:34,559

Time

15

00:00:40,490 --> 00:00:36,840

this Mission will deliver more than 7

16

00:00:42,229 --> 00:00:40,500

700 pounds of food supplies and science

17

00:00:44,510 --> 00:00:42,239

to the space station

18

00:00:46,670 --> 00:00:44,520

this includes a pair of roll out solar

19

00:00:49,069 --> 00:00:46,680

arrays to power the orbiting laboratory

20

00:00:50,990 --> 00:00:49,079

and tomato plant seeds for the

21

00:00:53,029 --> 00:00:51,000

continuous fresh food production system

22

00:00:55,250 --> 00:00:53,039

on station

23

00:00:57,049 --> 00:00:55,260

these resupply missions help NASA and

24

00:00:58,549 --> 00:00:57,059

our partners continue research that
