COLLEMAN

1
00:00:00,255 --> 00:00:04,980
■ Know with us you are never alone ■

2
00:00:04,980 --> 00:00:09,520
■ We will always remember the ones ■

3
00:00:09,520 --> 00:00:13,603
■ Lost just 16 minutes from home ■

4
00:00:26,132 --> 00:00:29,574
■ Yeah, you are home ■

5
00:00:29,574 --> 00:00:33,407
■ At last you are truly home ■

6
00:00:56,459 --> 00:00:58,709
- It's all my fault, sorry.

7
00:01:10,233 --> 00:01:13,733
(soft piano instrumental)

8
00:01:19,434 --> 00:01:22,736
■ How can we ■

9
00:01:22,736 --> 00:01:27,736
■ Find whats been lost ■

10
00:01:28,726 --> 00:01:32,005
■ Retrace steps ■

11
00:01:32,005 --> 00:01:37,005
■ Find out the cause ■

12
00:01:38,193 --> 00:01:41,649
■ Over and over ■

13
00:01:41,649 --> 00:01:46,649

■ What went wrong ■

14

00:01:47,503 --> 00:01:49,490

■ Just remember ■

15

00:01:49,490 --> 00:01:54,490

■ To stand tall be strong ■

16

00:01:56,969 --> 00:02:01,969

■ When you're just 16 minutes from home ■

17

00:02:03,198 --> 00:02:07,662

■ Know with us you are never alone ■

18

00:02:07,662 --> 00:02:12,380

■ We will always remember the ones ■

19

00:02:12,380 --> 00:02:17,380

■ Lost just 16 minutes from home ■

20

00:02:20,511 --> 00:02:25,511

■ From home ■

21

00:02:25,570 --> 00:02:28,777

■ Taking steps ■

22

00:02:28,777 --> 00:02:33,777

■ Into the unknown ■

23

00:02:35,075 --> 00:02:38,237

■ All that we've learned ■

24

00:02:38,237 --> 00:02:43,237

■ Is what they have shown ■

25

00:02:44,469 --> 00:02:47,356

■ Maybe the stars ■

26

00:02:47,356 --> 00:02:52,356

■ Will guide them home ■

27

00:02:53,265 --> 00:02:56,721

■ And the path forever lit ■

28

00:02:56,721 --> 00:03:01,721

■ Will again be flown ■

29

00:03:03,175 --> 00:03:08,175

■ When you're just 16 minutes from home ■

30

00:03:09,124 --> 00:03:13,951

■ Know with us you are never alone ■

31

00:03:13,951 --> 00:03:18,449

■ We will always remember the ones ■

32

00:03:18,449 --> 00:03:23,449

■ Lost just 16 minutes from home ■

33

00:03:27,253 --> 00:03:28,823

■ Heroes in life ■

34

00:03:28,823 --> 00:03:31,129

■ With the strength to believe ■

35

00:03:31,129 --> 00:03:33,329

■ You set sail for the stars ■

36

00:03:33,329 --> 00:03:36,129

■ Where you dreamed us to be ■

37

00:03:36,129 --> 00:03:38,270

■ We thought you were lost ■

38

00:03:38,270 --> 00:03:40,719

■ Just to find out the truth ■

39

00:03:40,719 --> 00:03:42,793

■ Headed straight for the heart ■

40

00:03:42,793 --> 00:03:45,941

■ On an infinite route ■

41

00:03:45,941 --> 00:03:47,526

■ We know that you're gone ■

42

00:03:47,526 --> 00:03:50,212

■ But your dream it lives on ■

43

00:03:50,212 --> 00:03:52,191

■ Through the hearts of the ones ■

44

00:03:52,191 --> 00:03:55,230

■ Who were there all along ■

45

00:03:55,230 --> 00:03:56,790

- Good morning everybody.

46

00:03:56,790 --> 00:03:58,110

Thank you for coming.

47

00:03:58,110 --> 00:04:00,210

We're one minute away
from starting the program.

48

00:04:00,210 --> 00:04:01,110

If you could take a moment

49

00:04:01,110 --> 00:04:02,640

and double check your phones and make sure

50

00:04:02,640 --> 00:04:06,990

that they are turned off or

muted, we would appreciate it.

51

00:04:06,990 --> 00:04:08,970

And again, we're gonna start
in less than one minute.

52

00:04:08,970 --> 00:04:09,803

Thank you.

53

00:04:53,405 --> 00:04:58,405

- I'd like to welcome you to
the NASA Day of Remembrance.

54

00:04:58,830 --> 00:05:02,010

It's a big day for for
NASA, all over the country.

55

00:05:02,010 --> 00:05:05,400

At each NASA Center we take time to pause

56

00:05:05,400 --> 00:05:08,010

and reflect to remember those who have

57

00:05:08,010 --> 00:05:10,080

paid the ultimate sacrifice,

58

00:05:10,080 --> 00:05:15,080

but also to inspire us to
future human space exploration.

59

00:05:15,180 --> 00:05:17,430

To remember those great individuals

60

00:05:17,430 --> 00:05:20,220

that made all this possible.

61

00:05:20,220 --> 00:05:23,981

Engineers, astronauts, administrators,

62

00:05:23,981 --> 00:05:28,981

we take this opportunity
to reflect on our successes

63

00:05:29,130 --> 00:05:33,180

and to be inspired for
our future missions.

64

00:05:33,180 --> 00:05:35,970

I'd like to ask everyone to please stand

65

00:05:35,970 --> 00:05:37,680

for the Presentation of Colors

66

00:05:37,680 --> 00:05:40,740

by the Viera High School Junior ROTC

67

00:05:40,740 --> 00:05:43,110

followed by the singing
of our national anthem

68

00:05:43,110 --> 00:05:45,393

by NASA's Suzy Cunningham.

69

00:06:14,586 --> 00:06:18,961

■ Oh, say can you see ■

70

00:06:18,961 --> 00:06:23,961

■ By the dawn's early light ■

71

00:06:24,627 --> 00:06:28,942

■ What so proudly we hailed ■

72

00:06:28,942 --> 00:06:33,942

■ At the twilight's last gleaming ■

73

00:06:34,231 --> 00:06:39,160

■ Whose broad stripes and bright stars ■

74

00:06:39,160 --> 00:06:44,160

■ Through the perilous fight, ■

75

00:06:44,696 --> 00:06:49,431

■ O'er the ramparts we watched ■

76

00:06:49,431 --> 00:06:54,431

■ Were so gallantly streaming ■

77

00:06:55,475 --> 00:07:00,040

■ And the rockets' red glare ■

78

00:07:00,040 --> 00:07:05,040

■ The bombs bursting in air ■

79

00:07:05,707 --> 00:07:10,413

■ Gave proof through the night ■

80

00:07:10,413 --> 00:07:15,413

■ That our flag was still there ■

81

00:07:16,223 --> 00:07:21,098

■ O say, does that star-spangled ■

82

00:07:21,098 --> 00:07:26,098

■ Banner yet wave ■

83

00:07:28,548 --> 00:07:33,548

■ O'er the land of the free ■

84

00:07:35,297 --> 00:07:38,964

■ And the home of the brave ■

85

00:08:04,441 --> 00:08:06,253

(audience applauding)

86

00:08:06,253 --> 00:08:07,253

- Thank you.

87

00:08:08,640 --> 00:08:09,823

Thank you.

88

00:08:09,823 --> 00:08:10,656

I'd like us.

89

00:08:10,656 --> 00:08:12,810

Those who are able, you don't have to,

90

00:08:12,810 --> 00:08:16,470

but if those who are
able to remain standing

91

00:08:16,470 --> 00:08:21,470

I'd like to recognize Rabbi
Tzvi Konikov for the invocation.

92

00:08:39,900 --> 00:08:42,813

- We pause and gather today,

93

00:08:45,330 --> 00:08:48,060

this Hebrew year of gathering,

94

00:08:48,060 --> 00:08:50,867

otherwise known as Hakhel,

95

00:08:51,750 --> 00:08:55,950

to honor all of our
nation's fallen astronauts

96

00:08:55,950 --> 00:09:00,030

including the Columbia Crew and my friend,

97

00:09:00,030 --> 00:09:02,343

Israeli astronaut Ilan Ramon.

98

00:09:04,470 --> 00:09:09,470

20 years ago, Ilan turned
to me with a question,

99

00:09:09,967 --> 00:09:13,870

"How does one mark the Sabbath in space

100

00:09:14,767 --> 00:09:18,033

"with every 90 minutes another sunset,

101

00:09:18,877 --> 00:09:21,933

"every 10 and a half hours is Sabbath,

102

00:09:22,931 --> 00:09:25,177

"and every 20 days is the new year,

103

00:09:25,177 --> 00:09:27,870

"The Jewish New Year, Rosh HaShanah?"

104

00:09:27,870 --> 00:09:30,205

Jerusalem, we have a problem.

105

00:09:30,205 --> 00:09:31,740

(audience laughing)

106

00:09:31,740 --> 00:09:33,663

So, I had my homework to do,

107

00:09:35,400 --> 00:09:38,223

but Ilan taught us a powerful message.

108

00:09:39,150 --> 00:09:41,253

No matter how fast we're going,

109

00:09:42,210 --> 00:09:45,600

no matter how important our work,

110

00:09:45,600 --> 00:09:50,600
we must pause and think about
why we're here on earth.

111
00:09:51,960 --> 00:09:53,793
And that's what we're doing today.

112
00:09:54,630 --> 00:09:59,630
We pause to recall the memory
of all those courageous souls.

113
00:10:00,930 --> 00:10:03,593
All our nation's fallen astronauts

114
00:10:03,593 --> 00:10:08,523
who gave their whole, soul, body too,

115
00:10:10,260 --> 00:10:14,853
including Columbia's
seven heroic human beings.

116
00:10:19,320 --> 00:10:23,880
We pause, because the
astronauts have done theirs,

117
00:10:30,210 --> 00:10:31,953
but their legacy lives on.

118
00:10:32,790 --> 00:10:36,540
They wished to serve and they did.

119
00:10:36,540 --> 00:10:40,080
Now, now it is our turn to serve.

120
00:10:40,080 --> 00:10:44,013
We pause and think about
why we're here on Earth,

121
00:10:45,060 --> 00:10:46,803

but why are we here on Earth?

122

00:10:47,910 --> 00:10:52,113

Well, Ilan Ramon was not only good at asking questions.

123

00:10:53,010 --> 00:10:54,873

I think he gave us the answer too.

124

00:10:56,250 --> 00:11:00,990

Part of the reason Ilan wanted to know exactly

125

00:11:00,990 --> 00:11:05,160

when the Sabbath begins on the space shuttle

126

00:11:05,160 --> 00:11:09,420

was so he can know precisely when to recite

127

00:11:09,420 --> 00:11:12,840

his Sabbath Kiddush or benediction

128

00:11:12,840 --> 00:11:15,480

over his creatively prepared

129

00:11:15,480 --> 00:11:18,003

grape juice container and straw.

130

00:11:18,990 --> 00:11:23,610

Miraculously defying rational explanation,

131

00:11:23,610 --> 00:11:28,610

fragile pages of Ramone's personal onboard diary survived,

132

00:11:31,320 --> 00:11:35,040

despite the extreme heat of the explosion,

133

00:11:35,040 --> 00:11:40,040

the extreme atmospheric cold
at 37 miles above the earth,

134

00:11:40,770 --> 00:11:45,090

and weeks of rain, mud,
and insects on the ground,

135

00:11:45,090 --> 00:11:48,393

Ilan's words remained readable.

136

00:11:49,753 --> 00:11:53,336

(Rabbi speaking in Hebrew)

137

00:11:57,278 --> 00:12:02,010

(Rabbi continues speaking in Hebrew)

138

00:12:02,010 --> 00:12:07,010

God saw all that he had made
and behold, it was very good.

139

00:12:07,860 --> 00:12:12,860

Heaven, earth and all their
components were thus completed.

140

00:12:14,340 --> 00:12:19,200

Remember the Sabbath Day
to keep it holy, he wrote.

141

00:12:19,200 --> 00:12:24,200

A handwritten copy of the
Friday night Kiddush prayer

142

00:12:24,690 --> 00:12:28,053

was Ilan's final message to the world.

143

00:12:29,130 --> 00:12:32,250

Ilan went to the heavens and declared

144

00:12:32,250 --> 00:12:37,113

that we must always remember
the message of the Sabbath.

145

00:12:38,070 --> 00:12:41,463

That life on Earth is a very good thing.

146

00:12:42,326 --> 00:12:44,250

(Rabbi speaking in Hebrew)

147

00:12:44,250 --> 00:12:48,120

And this is the reason
why we are here on Earth,

148

00:12:48,120 --> 00:12:53,100

to explore and to develop,
and to reveal the good

149

00:12:53,100 --> 00:12:56,670

latent in every part of creation.

150

00:12:56,670 --> 00:13:01,670

And constantly declare to
ourselves that life is good,

151

00:13:02,220 --> 00:13:06,900

filled with purpose,
despite the obstacles,

152

00:13:06,900 --> 00:13:11,900

or concealments that
temporarily obscure the good

153

00:13:12,600 --> 00:13:13,803

from the naked eye.

154

00:13:15,060 --> 00:13:19,500

llan, a second generation

Holocaust survivor

155

00:13:19,500 --> 00:13:24,500

taught us to turn pain into
action and tragedy into growth.

156

00:13:26,160 --> 00:13:30,390

Every challenge, every
obstacle, every setback,

157

00:13:30,390 --> 00:13:35,390

no matter how painful or
difficult must be challenged,

158

00:13:36,390 --> 00:13:40,743

must be channeled into
greater and positive activity,

159

00:13:41,880 --> 00:13:46,410

making the world a more
godly and kinder place.

160

00:13:46,410 --> 00:13:51,180

For while Columbia's gone,
our holy mission continues.

161

00:13:51,180 --> 00:13:56,180

Columbia's gone, yet NASA
committed to continue the legacy

162

00:13:56,700 --> 00:14:00,720

of all its fallen astronauts as we doubled

163

00:14:00,720 --> 00:14:04,470

over the last two decades
its space exploration

164

00:14:04,470 --> 00:14:07,500

with all the benefits for mankind.

165

00:14:07,500 --> 00:14:11,223

And the sky, neither
the moon is the limit.

166

00:14:12,060 --> 00:14:15,750

A little known secret about Ilan's PPK

167

00:14:15,750 --> 00:14:20,730

was that it included a
dollar bill I had given him

168

00:14:20,730 --> 00:14:25,730

as a gift from the revered
Jewish leader of our times,

169

00:14:25,740 --> 00:14:27,600

The Lubavitcher Rebbe.

170

00:14:27,600 --> 00:14:32,430

It is no coincidence that
this year's 20th anniversary

171

00:14:32,430 --> 00:14:35,370

of Columbia, February 1st,

172

00:14:35,370 --> 00:14:40,113

falls on the Hebrew date of
the inauguration of The Rebbe.

173

00:14:41,460 --> 00:14:44,250

While the world will pause this week

174

00:14:44,250 --> 00:14:49,110

to honor the memory of Ilan
Ramon and the Columbia Crew,

175

00:14:49,110 --> 00:14:51,810

and all the fallen astronauts,

176

00:14:51,810 --> 00:14:55,500

millions of The Rebbes
followers and admirers

177

00:14:55,500 --> 00:14:58,920

from all walks of life
will ponder the words

178

00:14:58,920 --> 00:15:02,820

he declared in his inauguration speech.

179

00:15:02,820 --> 00:15:05,100

That the world is a garden

180

00:15:05,100 --> 00:15:08,853

and intrinsically good
for mankind to reveal.

181

00:15:09,810 --> 00:15:14,340

Let us pause to remember
the legacy of Ilan Ramon,

182

00:15:14,340 --> 00:15:17,130

and remember why we're here on Earth,

183

00:15:17,130 --> 00:15:21,000

to reveal the goodness
and purpose of creation

184

00:15:21,000 --> 00:15:25,650

and to carry the baton of
our nation's great heroes

185

00:15:25,650 --> 00:15:27,210

into the future.

186

00:15:27,210 --> 00:15:29,523

Let us gather today in unity.

187

00:15:30,450 --> 00:15:34,890

Let us do one extra act of kindness

188

00:15:34,890 --> 00:15:38,850

in memory of all our
nation's shining lights.

189

00:15:38,850 --> 00:15:42,690

Almighty God, may this gathering serve

190

00:15:42,690 --> 00:15:47,280

as a powerful expression
of our unity and resolve.

191

00:15:47,280 --> 00:15:52,280

And may it usher in the long
awaited era of redemption,

192

00:15:52,470 --> 00:15:57,143

an era of godliness and
goodness, an era of peace, Amen.

193

00:16:02,550 --> 00:16:03,840

- Thank you rabbi.

194

00:16:03,840 --> 00:16:05,103

And you may be seated.

195

00:16:11,160 --> 00:16:15,210

Again, welcome to our day
of NASA, Day of Remembrance

196

00:16:15,210 --> 00:16:17,880

where we honor our fallen astronauts.

197

00:16:17,880 --> 00:16:19,050

I'd like to acknowledge some

198

00:16:19,050 --> 00:16:22,203
of our honored guests that
are here with us today.

199
00:16:23,490 --> 00:16:28,490
First, Janet Petro Kennedy
Space Center Director,

200
00:16:29,310 --> 00:16:30,840
our director here at KSC.

201
00:16:30,840 --> 00:16:32,670
Thank you Janet for being here.

202
00:16:32,670 --> 00:16:33,660
And our former director,

203
00:16:33,660 --> 00:16:37,080
now Associate Administrator
of NASA, Bob Cabana.

204
00:16:37,080 --> 00:16:40,413
Thank you for coming down
from Washington to be with us.

205
00:16:41,250 --> 00:16:44,703
Mr. Russ DeLoach, Chief of
Safety and Mission Assurance.

206
00:16:46,680 --> 00:16:48,900
Steve Clark, Deputy
Associate Administrator

207
00:16:48,900 --> 00:16:53,900
of Aeronautics Research
and Mission Directorate.

208
00:17:03,270 --> 00:17:06,960
Kathy Conner, Deputy
Associate Administrator

209

00:17:06,960 --> 00:17:08,973

for Exploration Systems Development.

210

00:17:10,080 --> 00:17:13,833

Mr. Kelvin Manning, Deputy

Director of Kennedy Space Center.

211

00:17:15,578 --> 00:17:19,983

Mrs. Jennifer Kunz, Associate

Director for Technical.

212

00:17:22,380 --> 00:17:25,323

Mr. Burt Summerfield, Associate

Director of Management.

213

00:17:26,760 --> 00:17:30,393

And Trey Carlson, Kennedy

Space Center Chief of Staff.

214

00:17:31,230 --> 00:17:34,200

Like to give each a

warm round of applause,

215

00:17:34,200 --> 00:17:35,628

appreciation for being here.

216

00:17:35,628 --> 00:17:38,795

(audience applauding)

217

00:17:39,942 --> 00:17:43,110

I'd like to acknowledge our

Astronaut Memorial Foundation

218

00:17:43,110 --> 00:17:46,620

Board of Directors, the

Astronaut Memorial Foundation

219

00:17:46,620 --> 00:17:49,530

Chairman and daughter of
Lieutenant Colonel Roger Chaffee

220

00:17:49,530 --> 00:17:50,913

Ms. Sheryl Chaffee.

221

00:17:53,392 --> 00:17:56,559

(audience applauding)

222

00:17:57,810 --> 00:18:00,003

AMF board member Joe Mayer.

223

00:18:01,440 --> 00:18:04,173

AMF board member, Jack Kirschenbaum.

224

00:18:05,250 --> 00:18:08,283

AMF board of Directors

Treasurer, Mike Olson.

225

00:18:09,513 --> 00:18:13,230

(audience applauding)

226

00:18:13,230 --> 00:18:14,730

We have also from our board

227

00:18:14,730 --> 00:18:17,310

of the Astronaut Memorial Foundation,

228

00:18:17,310 --> 00:18:20,580

Board of Advisors, co-founder

229

00:18:20,580 --> 00:18:23,730

of the Astronauts Memorial
Foundation, Alan Helman.

230

00:18:23,730 --> 00:18:26,040

It was his vision that really led

231

00:18:26,040 --> 00:18:27,803
to the creation of this memorial.

232

00:18:27,803 --> 00:18:31,590
(audience applauding)

233

00:18:31,590 --> 00:18:34,920
Former board member and
advisor and shuttle astronaut

234

00:18:34,920 --> 00:18:37,000
Captain Winston Scott.

235

00:18:37,000 --> 00:18:40,167
(audience applauding)

236

00:18:43,110 --> 00:18:45,270
Daughter of Alan Shepherd,

237

00:18:45,270 --> 00:18:48,030
former vice chair chairman
of the Astronaut Memorial

238

00:18:48,030 --> 00:18:51,330
Foundation, and now has
actually flown in space,

239

00:18:51,330 --> 00:18:54,960
just as her father,
Laura Shepherd Churchley.

240

00:18:54,960 --> 00:18:56,525
Thank you for being here Laura.

241

00:18:56,525 --> 00:18:59,692
(audience applauding)

242

00:19:01,020 --> 00:19:02,973
Former launch director Bob Sieck.

243

00:19:04,251 --> 00:19:07,418
(audience applauding)

244

00:19:08,880 --> 00:19:13,880
And a longstanding space
pioneer and engineer Lee Solid,

245

00:19:14,460 --> 00:19:16,563
also a former board member.

246

00:19:19,680 --> 00:19:23,340
We have with us a pretty good
group of elected officials.

247

00:19:23,340 --> 00:19:25,680
I'd like to introduce each one,

248

00:19:25,680 --> 00:19:28,800
then we'll hold our applause to the end.

249

00:19:28,800 --> 00:19:30,240
Commissioner, County Commissioner,

250

00:19:30,240 --> 00:19:32,970
Brevard County Commissioner Rob Feltner.

251

00:19:32,970 --> 00:19:35,940
Lisa Cullen, Brevard County tax collector.

252

00:19:35,940 --> 00:19:39,570
Tim Bobanic, Brevard
supervisor of elections.

253

00:19:39,570 --> 00:19:43,380
Katie Campbell from our
Brevard County School Board,

254

00:19:43,380 --> 00:19:45,930
as well as Jennifer Jenkins

255
00:19:45,930 --> 00:19:47,760
Brevard County School Board.

256
00:19:47,760 --> 00:19:51,690
City of Satellite Beach, Steve Osmer.

257
00:19:51,690 --> 00:19:55,860
Tim Thomas, and also responsible
for our Viera High School

258
00:19:55,860 --> 00:19:59,190
color guard today, he runs ROTC program

259
00:19:59,190 --> 00:20:03,603
at Viera High School, but he's
also a City Council member.

260
00:20:04,440 --> 00:20:07,773
We also have Dana Blickley,
property appraiser.

261
00:20:10,552 --> 00:20:13,719
(audience applauding)

262
00:20:15,990 --> 00:20:18,600
At this time, I'd like to introduce

263
00:20:18,600 --> 00:20:22,590
our Center Director here
at Kennedy's Space Center.

264
00:20:22,590 --> 00:20:24,960
We've been so blessed to have the best

265
00:20:24,960 --> 00:20:26,940
of the best run the show up here.

266

00:20:26,940 --> 00:20:29,370

And Jan's no exception to that.

267

00:20:29,370 --> 00:20:31,320

I'd like to ask her to say a few words.

268

00:20:32,736 --> 00:20:36,660

(audience applauding)

269

00:20:36,660 --> 00:20:39,480

- Thank you Thad, and thank you rabbi

270

00:20:39,480 --> 00:20:43,050

for your message today

and for your reflections

271

00:20:43,050 --> 00:20:45,690

on Ilan, it was really, really special.

272

00:20:45,690 --> 00:20:49,533

And thank you to all of you

who are joining us here today.

273

00:20:50,370 --> 00:20:54,180

This day, our Day of

Remembrance is a solemn

274

00:20:54,180 --> 00:20:58,470

and sacred time in our

agency and in a community

275

00:20:58,470 --> 00:21:00,990

that frequently

commemorates some milestones

276

00:21:00,990 --> 00:21:04,170

and achievements made

possible through the teamwork

277

00:21:04,170 --> 00:21:06,330
and contributions of so many,

278

00:21:06,330 --> 00:21:09,480
today is a different kind of observance,

279

00:21:09,480 --> 00:21:11,640
a day to recognize and to honor

280

00:21:11,640 --> 00:21:15,360
those who have lost their lives
in the pursuit of knowledge.

281

00:21:15,360 --> 00:21:18,870
It's a day to step back, to pause, reflect

282

00:21:18,870 --> 00:21:21,783
on our pursuits and also on our history.

283

00:21:22,890 --> 00:21:25,140
We gather in remembrance of the heroes

284

00:21:25,140 --> 00:21:27,660
who made the ultimate
sacrifice in their quest

285

00:21:27,660 --> 00:21:31,770
to discover and explore,
not for personal gain,

286

00:21:31,770 --> 00:21:34,020
but on behalf of humanity.

287

00:21:34,020 --> 00:21:37,620
Those losses are heavy, they're sobering.

288

00:21:37,620 --> 00:21:40,320

And despite the decades that separate us

289

00:21:40,320 --> 00:21:42,780

from those fateful moments of loss

290

00:21:42,780 --> 00:21:46,560

they're ever present in
our hearts and in our minds

291

00:21:46,560 --> 00:21:50,043

as we continue onward on
the path that they blazed.

292

00:21:51,150 --> 00:21:54,090

This year marks the 20th
anniversary of the loss

293

00:21:54,090 --> 00:21:58,373

of crew of Columbia during
the reentry of STS-107.

294

00:21:58,373 --> 00:22:01,860

For some that has been,
seems like a lifetime,

295

00:22:01,860 --> 00:22:05,310

and for others it seems
like it was just yesterday.

296

00:22:05,310 --> 00:22:08,580

But for our agency it is
a time that lives here

297

00:22:08,580 --> 00:22:11,370

in the present, shaping our culture,

298

00:22:11,370 --> 00:22:14,460

informing our decisions
and helping us to forge

299

00:22:14,460 --> 00:22:16,140

the way ahead.

300

00:22:16,140 --> 00:22:19,200

And as more and more
people who were present

301

00:22:19,200 --> 00:22:24,060

in our workforce on that day
of tragedy, 20 years ago,

302

00:22:24,060 --> 00:22:28,350

retire it is imperative that our culture,

303

00:22:28,350 --> 00:22:31,500

our decision making
processes remain focused

304

00:22:31,500 --> 00:22:33,360

on the lessons that we learned

305

00:22:33,360 --> 00:22:36,873

from Columbia, Challenger and Apollo 1.

306

00:22:37,800 --> 00:22:39,570

And even as we look to the future

307

00:22:39,570 --> 00:22:41,730

we do so with one eye on the past,

308

00:22:41,730 --> 00:22:44,280

reminding ourselves of those lessons,

309

00:22:44,280 --> 00:22:46,710

and the price that was paid.

310

00:22:46,710 --> 00:22:49,710

So, from the crews of Apollo

1 to those of Challenger

311

00:22:49,710 --> 00:22:54,480
and Columbia, we remember,
we are forever touched.

312

00:22:54,480 --> 00:22:56,400
We are forever changed.

313

00:22:56,400 --> 00:23:00,600
We are forever humble, and
we are forever committed

314

00:23:00,600 --> 00:23:03,780
to ensuring the safety
of those who carry on

315

00:23:03,780 --> 00:23:08,370
their legacies in the name
of exploration and recovery.

316

00:23:08,370 --> 00:23:09,203
Thank you.

317

00:23:10,048 --> 00:23:13,215
(audience applauding)

318

00:23:17,040 --> 00:23:18,790
- Thank you, Center Director Petro.

319

00:23:19,830 --> 00:23:23,250
At this time, I'd like
to welcome Bob Cabana.

320

00:23:23,250 --> 00:23:25,650
He's made the long trip from Washington DC

321

00:23:25,650 --> 00:23:26,974
to be with us.

322

00:23:26,974 --> 00:23:28,683

He'd like to say a few words.

323

00:23:30,638 --> 00:23:32,640

(audience applauding)

324

00:23:32,640 --> 00:23:33,540

- Thank you, Thad.

325

00:23:35,400 --> 00:23:37,680

Why do we do this every year?

326

00:23:37,680 --> 00:23:40,653

Why do we have a a NASA

Day of Remembrance?

327

00:23:41,490 --> 00:23:46,113

Obviously it's to honor our
fallen comrades on the Mirror.

328

00:23:47,820 --> 00:23:49,800

Those that paid the ultimate sacrifice

329

00:23:49,800 --> 00:23:51,423

in our quest to explore.

330

00:23:52,590 --> 00:23:54,600

But more importantly,

331

00:23:54,600 --> 00:23:59,600

it's so we do not forget
the hard lessons learned

332

00:23:59,950 --> 00:24:03,813

from Apollo, Challenger and Columbia.

333

00:24:05,880 --> 00:24:09,300

I'm willing to bet that
half of the NASA workforce

334

00:24:09,300 --> 00:24:14,010
wasn't even here when we launched
the last shuttle mission.

335

00:24:14,010 --> 00:24:15,360
That turnover that we had,

336

00:24:15,360 --> 00:24:18,090
it is so important that
they learn these lessons

337

00:24:18,090 --> 00:24:19,923
so that they are not repeated again.

338

00:24:21,720 --> 00:24:25,440
20 years ago, on February 1st,

339

00:24:25,440 --> 00:24:27,603
about eight o'clock on a Saturday morning,

340

00:24:28,530 --> 00:24:32,310
I was out at midfield on
the shuttle landing facility

341

00:24:32,310 --> 00:24:35,340
with the landing and recovery convoy

342

00:24:35,340 --> 00:24:38,550
waiting for those twin sonic booms

343

00:24:38,550 --> 00:24:42,963
that would usher Columbia back
to her home here in Florida.

344

00:24:44,220 --> 00:24:45,183
They never came.

345

00:24:47,211 --> 00:24:51,930

That was extremely hard,
to round everybody up,

346

00:24:51,930 --> 00:24:54,330

to get 'em to the right places,

347

00:24:54,330 --> 00:24:59,330

having to tell families,
significant others, children,

348

00:25:01,380 --> 00:25:04,320

that their loved ones,
that there was no hope,

349

00:25:04,320 --> 00:25:05,570

they weren't coming home.

350

00:25:07,470 --> 00:25:09,180

The process that we went through,

351

00:25:09,180 --> 00:25:11,730

what we had to learn through all of that

352

00:25:11,730 --> 00:25:15,573

it was so important, but it was avoidable.

353

00:25:16,410 --> 00:25:17,910

When we look back,

354

00:25:17,910 --> 00:25:22,240

why do we have to keep
repeating the same hard lessons

355

00:25:23,130 --> 00:25:26,610

that this normalization of deviance,

356

00:25:26,610 --> 00:25:28,410
that you can have something wrong,

357
00:25:28,410 --> 00:25:33,063
but as long as nothing bad
happens, it's okay, it's not.

358
00:25:34,170 --> 00:25:38,820
It's very important, and I
ask all the, the NASA team,

359
00:25:38,820 --> 00:25:41,550
the Kennedy team that's listening today,

360
00:25:41,550 --> 00:25:46,110
that when they go back
to work, they ensure

361
00:25:46,110 --> 00:25:48,690
that they have created an environment

362
00:25:48,690 --> 00:25:50,280
where everybody is heard,

363
00:25:50,280 --> 00:25:54,120
where they can ask questions
without fear of retribution,

364
00:25:54,120 --> 00:25:56,130
that they get answers to their questions,

365
00:25:56,130 --> 00:25:58,230
that they feel free to speak up.

366
00:25:58,230 --> 00:26:00,030
That when something isn't right

367
00:26:00,030 --> 00:26:02,880
we take action and we actually listen

368

00:26:02,880 --> 00:26:05,823

to what people are saying
and do the right thing.

369

00:26:06,960 --> 00:26:11,960

I don't ever want to have to
go through another Columbia.

370

00:26:12,030 --> 00:26:15,210

That was an amazing crew.

371

00:26:15,210 --> 00:26:18,750

Rick He was one of the,
or I'm sorry, Rick Husband

372

00:26:18,750 --> 00:26:23,750

was one of the finest Christian
men that I've ever known.

373

00:26:24,150 --> 00:26:25,800

Prior to walking out of the suit room

374

00:26:25,800 --> 00:26:28,050

he gathered the whole crew together.

375

00:26:28,050 --> 00:26:33,050

Christian, Hindu, Jew, and
they, they circled arms

376

00:26:34,320 --> 00:26:38,160

and they prayed before
they get into the fan

377

00:26:38,160 --> 00:26:39,723

to go out to the launchpad.

378

00:26:41,460 --> 00:26:43,860

Willie McCool, he was number two

379

00:26:43,860 --> 00:26:45,993

in his class at the Naval Academy.

380

00:26:46,980 --> 00:26:50,040

Technically sharp, probably
one of the nicest guys

381

00:26:50,040 --> 00:26:51,123

I've ever known.

382

00:26:52,710 --> 00:26:56,670

Mike Anderson, Air Force test pilot,

383

00:26:56,670 --> 00:26:59,610

two of the cutest
daughters you've ever seen.

384

00:26:59,610 --> 00:27:00,933

Now fine young women.

385

00:27:02,100 --> 00:27:03,960

What a really nice guy he was.

386

00:27:03,960 --> 00:27:06,660

He loved his Audi TT that he drove

387

00:27:06,660 --> 00:27:09,573

and just a really fine gentleman.

388

00:27:10,710 --> 00:27:15,710

Dave Brown, flight surgeon,
naval aviator, astronaut.

389

00:27:16,470 --> 00:27:17,790

What a great guy he was.

390

00:27:17,790 --> 00:27:20,700

He was my go-to guy for
anything that had anything to do

391

00:27:20,700 --> 00:27:23,670
with audio equipment, TVs, whatever.

392

00:27:23,670 --> 00:27:24,503
He knew it all.

393

00:27:24,503 --> 00:27:25,743
He was on top of it.

394

00:27:27,000 --> 00:27:31,593
Oh, Laurel Clark, NASA
flight surgeon, astronaut.

395

00:27:32,610 --> 00:27:35,490
Laurel had the ability to know when

396

00:27:35,490 --> 00:27:37,350
you were a little down,
when things weren't right,

397

00:27:37,350 --> 00:27:39,030
and she could always make you smile.

398

00:27:39,030 --> 00:27:41,760
And she wore the wildest
socks all the time.

399

00:27:41,760 --> 00:27:44,070
She was just awesome.

400

00:27:44,070 --> 00:27:46,410
Kalpana, Kalpana was so much fun.

401

00:27:46,410 --> 00:27:49,050
What an amazing smart woman.

402

00:27:49,050 --> 00:27:51,753

But what a really nice person too.

403

00:27:54,150 --> 00:27:54,983

Oh gosh.

404

00:27:54,983 --> 00:27:57,540

You know, it, I think back on those folks

405

00:27:57,540 --> 00:28:00,450

and it's just absolutely, I
feel blessed to have known them

406

00:28:00,450 --> 00:28:03,333

to have been able to, to work with them.

407

00:28:04,590 --> 00:28:07,920

Ilan, the rabbi said all
the great things about Ilan

408

00:28:07,920 --> 00:28:09,510

and he was all that and more,

409

00:28:09,510 --> 00:28:13,770

what I remember most from
Ilan was his infectious smile.

410

00:28:13,770 --> 00:28:16,890

As sharp as he was, as
good a man as he was.

411

00:28:16,890 --> 00:28:21,480

He could just absolutely
bring a smile to your face

412

00:28:21,480 --> 00:28:25,063

and was a pleasure to talk
to and to work with it.

413

00:28:26,760 --> 00:28:30,330

It truly was an amazing crew

414

00:28:30,330 --> 00:28:32,763

and it's so great to see
their names up there.

415

00:28:33,960 --> 00:28:38,820

You know, I'm never gonna
forget 'em, all right?

416

00:28:38,820 --> 00:28:41,010

And I don't want anybody to forget.,

417

00:28:41,010 --> 00:28:43,170

I want it to be personable.

418

00:28:43,170 --> 00:28:46,620

I want everybody to feel what
I felt knowing that crew,

419

00:28:46,620 --> 00:28:49,860

so that we remember and we don't forget.

420

00:28:49,860 --> 00:28:52,800

That we don't make the
mistakes of the past

421

00:28:52,800 --> 00:28:57,510

as we move forward exploring
beyond our home planet,

422

00:28:57,510 --> 00:29:00,510

exploring the cosmos, establish a presence

423

00:29:00,510 --> 00:29:03,129

in our solar system beyond planet Earth

424

00:29:03,129 --> 00:29:06,693
as we go back to the Moon and onto Mars.

425
00:29:07,530 --> 00:29:08,363
Thank you.

426
00:29:09,203 --> 00:29:12,370
(audience applauding)

427
00:29:17,040 --> 00:29:19,983
- Thank you so much Bob,
for those incredible words.

428
00:29:22,230 --> 00:29:23,970
I'd like to recognize some

429
00:29:23,970 --> 00:29:26,640
of the folks that helped
make this possible,

430
00:29:26,640 --> 00:29:30,090
and some of those who
really lead our mission.

431
00:29:30,090 --> 00:29:32,823
And first and foremost our family members.

432
00:29:34,710 --> 00:29:37,560
It's no coincidence and
it's a remarkable fact

433
00:29:37,560 --> 00:29:40,470
that the strongest advocates
for human space flight

434
00:29:40,470 --> 00:29:43,533
and exploration are our families.

435
00:29:44,820 --> 00:29:46,860

They've paid the ultimate sacrifice.

436

00:29:46,860 --> 00:29:48,270

They've suffered the greatest loss,

437

00:29:48,270 --> 00:29:51,853

but they still are the

biggest, biggest supporters

438

00:29:51,853 --> 00:29:54,000

of the dream of human exploration

439

00:29:54,000 --> 00:29:59,000

in becoming an interplanetary
space fairing society.

440

00:29:59,580 --> 00:30:02,883

I'd like to recognize and to thank them,

441

00:30:04,710 --> 00:30:06,750

I'd like to also thank NASA.

442

00:30:06,750 --> 00:30:08,700

What a wonderful partnership that we have.

443

00:30:08,700 --> 00:30:11,460

The Astronaut Memorial

Foundation would not be here

444

00:30:11,460 --> 00:30:13,260

if it wasn't for NASA.

445

00:30:13,260 --> 00:30:17,610

And it's a great joy working
working with the NASA family

446

00:30:17,610 --> 00:30:18,443

and the team.

447

00:30:18,443 --> 00:30:20,100

We feel like a part of the family.

448

00:30:20,100 --> 00:30:21,330

I'd like to thank Delaware North,

449

00:30:21,330 --> 00:30:23,640

they run the Visitor Center,

Therrin Protze's here.

450

00:30:23,640 --> 00:30:26,580

We really appreciate the
partnership that we have

451

00:30:26,580 --> 00:30:29,730

at making this happen every year.

452

00:30:29,730 --> 00:30:31,680

This is a very poignant time,

453

00:30:31,680 --> 00:30:34,290

the 20th anniversary of Columbia.

454

00:30:34,290 --> 00:30:37,540

So, we gather in special
reflection of that anniversary

455

00:30:39,540 --> 00:30:42,810

and we also recognize all those crews

456

00:30:42,810 --> 00:30:45,750

and all those astronauts that have paid

457

00:30:45,750 --> 00:30:49,653

the ultimate sacrifices,
a day for them as well.

458

00:30:50,490 --> 00:30:52,950

And we do have the duty
that to recognize those

459

00:30:52,950 --> 00:30:56,560

astronauts that have the
courage to continue to fly

460

00:30:57,780 --> 00:31:00,630

and all the wonderful achievements
that we're seeing now.

461

00:31:02,640 --> 00:31:07,640

So, here we have all 25
astronauts recognized on our wall.

462

00:31:07,830 --> 00:31:12,250

I'd like to take a special
moment to recognize everyone

463

00:31:13,402 --> 00:31:15,213

in the Special Bell ceremony.

464

00:31:17,400 --> 00:31:21,203

First, Theodore C. Freeman.

465

00:31:21,203 --> 00:31:23,786

(bell ringing)

466

00:31:33,090 --> 00:31:36,064

Charles A. Bassett II.

467

00:31:36,064 --> 00:31:38,647

(bell ringing)

468

00:31:49,560 --> 00:31:52,264

Elliot M. See Jr.

469

00:31:52,264 --> 00:31:54,847

(bell ringing)

470
00:32:06,540 --> 00:32:09,000
Roger B. Chaffee.

471
00:32:09,000 --> 00:32:11,583
(bell ringing)

472
00:32:20,670 --> 00:32:23,147
Virgil "Gus" Grissom.

473
00:32:23,147 --> 00:32:25,730
(bell ringing)

474
00:32:32,880 --> 00:32:35,276
Edward H. White II.

475
00:32:35,276 --> 00:32:37,859
(bell ringing)

476
00:32:43,243 --> 00:32:45,750
Clifton C. Williams Jr.

477
00:32:45,750 --> 00:32:48,333
(bell ringing)

478
00:32:53,670 --> 00:32:56,111
Michael J. Adams.

479
00:32:56,111 --> 00:32:58,694
(bell ringing)

480
00:33:03,390 --> 00:33:05,588
Robert H. Lawrence.

481
00:33:05,588 --> 00:33:08,171
(bell ringing)

482

00:33:12,540 --> 00:33:14,990
Gregory B. Jarvis.

483
00:33:14,990 --> 00:33:17,573
(bell ringing)

484
00:33:23,910 --> 00:33:26,438
S. Christa McAuliffe.

485
00:33:26,438 --> 00:33:29,021
(bell ringing)

486
00:33:33,780 --> 00:33:35,890
Ronald E. McNair.

487
00:33:35,890 --> 00:33:38,473
(bell ringing)

488
00:33:44,025 --> 00:33:46,225
Ellison S. Onizuka.

489
00:33:46,225 --> 00:33:48,808
(bell ringing)

490
00:33:54,090 --> 00:33:55,990
Judith A. Resnik.

491
00:33:55,990 --> 00:33:58,573
(bell ringing)

492
00:34:03,480 --> 00:34:05,887
Francis Dick Scobee.

493
00:34:05,887 --> 00:34:08,470
(bell ringing)

494
00:34:13,050 --> 00:34:15,179
Michael J. Smith.

495

00:34:15,179 --> 00:34:17,762
(bell ringing)

496

00:34:22,110 --> 00:34:25,276
Manley L. "Sonny" Carter Jr.

497

00:34:25,276 --> 00:34:27,859
(bell ringing)

498

00:34:31,350 --> 00:34:33,766
Michael P. Anderson.

499

00:34:33,766 --> 00:34:36,349
(bell ringing)

500

00:34:39,570 --> 00:34:41,527
David M. Brown.

501

00:34:41,527 --> 00:34:44,110
(bell ringing)

502

00:34:48,120 --> 00:34:49,955
Kalpana Chawla.

503

00:34:49,955 --> 00:34:52,538
(bell ringing)

504

00:34:56,430 --> 00:34:59,114
Laurel Blair Salton Clark.

505

00:34:59,114 --> 00:35:01,697
(bell ringing)

506

00:35:06,360 --> 00:35:08,514
Rick D. Husband.

507

00:35:08,514 --> 00:35:11,097
(bell ringing)

508

00:35:15,750 --> 00:35:18,091
William C. McCool.

509

00:35:18,091 --> 00:35:20,674
(bell ringing)

510

00:35:24,600 --> 00:35:26,178
Ilan Ramon.

511

00:35:26,178 --> 00:35:28,761
(bell ringing)

512

00:35:33,120 --> 00:35:35,313
Michael T. Alsbury.

513

00:35:36,202 --> 00:35:38,785
(bell ringing)

514

00:35:48,900 --> 00:35:52,530
Now we would like to take
this time and opportunity

515

00:35:52,530 --> 00:35:54,540
to place a wreath at the memorial

516

00:35:54,540 --> 00:35:59,340
to honor those who have
sacrificed their lives

517

00:35:59,340 --> 00:36:01,980
in the pursuit of space exploration.

518

00:36:01,980 --> 00:36:05,370
I'd like to welcome
Janet Petro, Bob Cabana

519

00:36:05,370 --> 00:36:08,550

and Sheryl Chaffee to place the wreath.

520

00:36:08,550 --> 00:36:11,000

And then we will follow
with a moment of silence.

521

00:37:40,110 --> 00:37:43,560

Please join us in the closing prayer

522

00:37:43,560 --> 00:37:48,093

from Pastor Ryan Alonso
from Lineage Church.

523

00:37:55,140 --> 00:37:55,973

- Good morning.

524

00:37:55,973 --> 00:37:57,030

It's an honor to be with you today,

525

00:37:57,030 --> 00:37:59,223

and I invite you to pray with me.

526

00:38:00,300 --> 00:38:02,943

Heavenly Father, we
thank You for this day.

527

00:38:04,500 --> 00:38:07,650

With every sunrise we're
reminded of Your mercy,

528

00:38:07,650 --> 00:38:10,920

and as many have said
so well this morning,

529

00:38:10,920 --> 00:38:15,920

we pause and we reflect
on the amazing astronauts

530

00:38:16,470 --> 00:38:20,500

who have lived a life of
discipline and excellence

531

00:38:21,450 --> 00:38:26,450

that led to great sacrifice
on behalf of all of us.

532

00:38:29,940 --> 00:38:34,773

We know that they have led the
way in many aspects of life.

533

00:38:35,760 --> 00:38:36,990

That is our memory of them.

534

00:38:36,990 --> 00:38:39,063

And we reflect on that today.

535

00:38:40,110 --> 00:38:43,293

They have entered eternity ahead of us.

536

00:38:45,660 --> 00:38:48,900

And as we consider that, we pray Lord,

537

00:38:48,900 --> 00:38:53,900

that their example will
be used as inspiration

538

00:38:56,490 --> 00:39:00,450

for generations to come, but
they may not be forgotten.

539

00:39:00,450 --> 00:39:02,100

And we thank You for their lives.

540

00:39:03,510 --> 00:39:06,393

We also thank You for the
loved ones gathered today.

541

00:39:08,070 --> 00:39:12,120

We thank You for those in this crowd

542

00:39:12,120 --> 00:39:15,120

who represent the workforce that continues

543

00:39:15,120 --> 00:39:20,120

to explore space and all that is beyond.

544

00:39:20,520 --> 00:39:23,340

And we thank You for
those who are gathered,

545

00:39:23,340 --> 00:39:26,250

who are here to pay their respects.

546

00:39:26,250 --> 00:39:29,370

And we pray You, the God of Hope

547

00:39:29,370 --> 00:39:31,290

would give us an inner strength

548

00:39:31,290 --> 00:39:34,473

to continue the good work
that You have planned for us.

549

00:39:36,360 --> 00:39:38,460

We thank You for the
peace that you give to us

550

00:39:38,460 --> 00:39:40,743

that passes even our own understanding,

551

00:39:41,580 --> 00:39:44,703

and we ask for comfort
today for those who need it.

552

00:39:47,040 --> 00:39:49,410

Lord, we honor You and we praise You

553

00:39:49,410 --> 00:39:53,700

for life and purpose and
is in Your name, Lord,

554

00:39:53,700 --> 00:39:55,140

that we pray these things.

555

00:39:55,140 --> 00:39:55,973

Amen.

556

00:40:00,330 --> 00:40:04,470

- Thank you, this concludes
the Day of Remembrance.

557

00:40:04,470 --> 00:40:06,390

And again, I want to
thank you for joining us

558

00:40:06,390 --> 00:40:07,953

for this very special day.

559

00:40:09,780 --> 00:40:12,360

You're welcome to approach the memorial

560

00:40:12,360 --> 00:40:14,700

and place your flower,
weave it into the fence here

561

00:40:14,700 --> 00:40:18,810

in front of the memorial as
a token of our appreciation

562

00:40:18,810 --> 00:40:20,730

for the sacrifice.

563

00:40:20,730 --> 00:40:24,060

During that time, we'll

play a song written

564

00:40:24,060 --> 00:40:29,060

by Joey Beesley and Kyle Breese.

565

00:40:29,790 --> 00:40:31,980

They performed it here 10 years ago

566

00:40:31,980 --> 00:40:36,420

during the 10 year anniversary,
called "16 Minutes".

567

00:40:36,420 --> 00:40:40,710

It was 16 minutes when
Columbia started breaking up,

568

00:40:40,710 --> 00:40:42,750

even though they were over West Texas,

569

00:40:42,750 --> 00:40:44,913

only 16 minutes away from landing.

570

00:40:45,900 --> 00:40:47,160

The words are quite poignant.

571

00:40:47,160 --> 00:40:51,390

I think it really
emphasized how remarkable

572

00:40:51,390 --> 00:40:53,280

space expiration is.

573

00:40:53,280 --> 00:40:55,893

It reinvents your whole
view of time and space.

574

00:41:00,120 --> 00:41:01,920

Thank you for being here.

575

00:41:08,245 --> 00:41:11,745

(soft piano instrumental)

576

00:41:17,654 --> 00:41:20,930

■ How can we ■

577

00:41:20,930 --> 00:41:25,930

■ Find whats been lost ■

578

00:41:27,061 --> 00:41:30,268

■ Retrace steps ■

579

00:41:30,268 --> 00:41:35,268

■ Find out the cause ■

580

00:41:36,582 --> 00:41:39,898

■ Over and over ■

581

00:41:39,898 --> 00:41:44,898

■ What went wrong ■

582

00:41:45,523 --> 00:41:48,002

■ Just remember ■

583

00:41:48,002 --> 00:41:53,002

■ Stand tall be strong ■

584

00:41:55,145 --> 00:42:00,145

■ When you're just 16 minutes from home ■

585

00:42:01,264 --> 00:42:05,839

■ Know with us you are never alone ■

586

00:42:05,839 --> 00:42:10,630

■ We will always remember the ones ■

587

00:42:10,630 --> 00:42:15,630

■ Lost just 16 minutes from home ■

588

00:42:18,759 --> 00:42:23,759

■ From home ■

589

00:42:23,899 --> 00:42:27,230

■ Taking steps ■

590

00:42:27,230 --> 00:42:32,230

■ Into the unknown ■

591

00:42:33,268 --> 00:42:36,836

■ All that we've learned ■

592

00:42:36,836 --> 00:42:41,836

■ Is what they have shown ■

593

00:42:42,797 --> 00:42:45,966

■ Maybe the stars ■

594

00:42:45,966 --> 00:42:50,966

■ Will guide them home ■

595

00:42:51,733 --> 00:42:55,231

■ And the path forever lit ■

596

00:42:55,231 --> 00:43:00,231

■ Will again be flown ■

597

00:43:01,339 --> 00:43:06,339

■ When you're just 16 minutes from home ■

598

00:43:07,576 --> 00:43:12,371

■ Know with us you are never alone ■

599

00:43:12,371 --> 00:43:16,946

■ We will always remember the ones ■

600

00:43:16,946 --> 00:43:21,946

■ Lost just 16 minutes from home ■

601

00:43:25,623 --> 00:43:27,195

■ Heroes in life ■

602

00:43:27,195 --> 00:43:29,572

■ With the strength to believe ■

603

00:43:29,572 --> 00:43:31,803

■ You set sail for the stars ■

604

00:43:31,803 --> 00:43:34,671

■ Where you dreamed us to be ■

605

00:43:34,671 --> 00:43:36,549

■ We thought you were lost ■

606

00:43:36,549 --> 00:43:39,023

■ Just to find out the truth ■

607

00:43:39,023 --> 00:43:41,124

■ Headed straight for the heart ■

608

00:43:41,124 --> 00:43:44,162

■ On an infinite route ■

609

00:43:44,162 --> 00:43:45,996

■ We know that you're gone ■

610

00:43:45,996 --> 00:43:48,184

■ But your dream it lives on ■

611

00:43:48,184 --> 00:43:50,438

■ Through the hearts of the ones ■

612

00:43:50,438 --> 00:43:53,179

■ Who were there all along ■

613

00:43:53,179 --> 00:43:55,184

■ And we know, even though ■

614

00:43:55,184 --> 00:43:58,302

■ You are just down the road ■

615

00:43:58,302 --> 00:44:03,302

■ At last you are truly home ■

616

00:44:05,685 --> 00:44:10,685

■ When you're just 16 minutes from home ■

617

00:44:11,478 --> 00:44:16,281

■ Know with us you are never alone ■

618

00:44:16,281 --> 00:44:20,942

■ We will always remember the ones ■

619

00:44:20,942 --> 00:44:24,621

■ Lost just ■

620

00:44:24,621 --> 00:44:29,621

■ When you're just 16 minutes from home ■

621

00:44:30,394 --> 00:44:35,150

■ Know with us you are never alone ■

622

00:44:35,150 --> 00:44:39,885

■ We will always remember the ones ■

623

00:44:39,885 --> 00:44:43,968

■ Lost just 16 minutes from home ■

624

00:44:56,685 --> 00:45:00,355

■ Yeah, you are home ■

625

00:45:00,355 --> 00:45:04,105

■ At last you are truly home ■

626

00:45:40,045 --> 00:45:43,628

(soft piano instrumental)

627

00:45:49,385 --> 00:45:52,789

■ How can we ■

628

00:45:52,789 --> 00:45:57,789

■ Find whats been lost ■

629

00:45:58,892 --> 00:46:02,227

■ Retrace steps ■
