

1
00:00:10,150 --> 00:00:07,749
so today marks the 40th anniversary of

2
00:00:12,150 --> 00:00:10,160
man landing on the moon

3
00:00:13,990 --> 00:00:12,160
now do you think that uh you would like

4
00:00:17,670 --> 00:00:14,000
to one day do that

5
00:00:20,230 --> 00:00:17,680
yes tell me why because i think it's fun

6
00:00:21,830 --> 00:00:20,240
up there you do

7
00:00:24,870 --> 00:00:21,840
and you think you would like to do that

8
00:00:27,109 --> 00:00:24,880
in the in the future right

9
00:00:28,870 --> 00:00:27,119
all right so looking back it's 40 years

10
00:00:31,109 --> 00:00:28,880
40 years now since

11
00:00:31,990 --> 00:00:31,119
apollo 11 landed on the moon

12
00:00:33,750 --> 00:00:32,000
why do you think that's still

13
00:00:35,110 --> 00:00:33,760

significant well i think it's

14

00:00:37,110 --> 00:00:35,120

significant because

15

00:00:39,030 --> 00:00:37,120

people for one can look back at the

16

00:00:42,549 --> 00:00:39,040

images the

17

00:00:44,389 --> 00:00:42,559

video and whatnot and be inspired

18

00:00:46,869 --> 00:00:44,399

to want to do something like that again

19

00:00:50,549 --> 00:00:46,879

go to mars go to anywhere in the solar

20

00:00:52,470 --> 00:00:50,559

system i think that's a big part of it

21

00:00:54,549 --> 00:00:52,480

40 years ago i think people were in

22

00:00:57,270 --> 00:00:54,559

utter amazement that the space program

23

00:00:58,790 --> 00:00:57,280

had advanced so much and i think today

24

00:01:01,270 --> 00:00:58,800

you know people really embrace

25

00:01:03,270 --> 00:01:01,280

technology and just want to go

26
00:01:05,429 --> 00:01:03,280
as far as they can you know infinity and

27
00:01:06,789 --> 00:01:05,439
beyond that's the attitude

28
00:01:08,630 --> 00:01:06,799
and how do you feel when you watch that

29
00:01:11,190 --> 00:01:08,640
video

30
00:01:14,070 --> 00:01:11,200
i feel good about it i think that it was

31
00:01:15,910 --> 00:01:14,080
an incredible advancement and it's just

32
00:01:19,429 --> 00:01:15,920
it just goes to show what we can do you

33
00:01:20,550 --> 00:01:19,439
know uh as a race and everything people

34
00:01:22,630 --> 00:01:20,560
and

35
00:01:31,749 --> 00:01:22,640
i just i'm anxious to see what comes up

36
00:01:36,870 --> 00:01:33,910
i'd like to see us go back to the moon

37
00:01:39,030 --> 00:01:36,880
in maybe some other places i guess

38
00:01:40,469 --> 00:01:39,040

definitely back to the moon

39

00:01:42,870 --> 00:01:40,479

and 40 years from now what would you

40

00:01:44,230 --> 00:01:42,880

like to see from space exploration from

41

00:01:46,069 --> 00:01:44,240

nasa

42

00:01:49,590 --> 00:01:46,079

to actually

43

00:01:52,469 --> 00:01:49,600

be on the moon more frequently and be

44

00:01:54,149 --> 00:01:52,479

gone to mars already

45

00:01:55,109 --> 00:01:54,159

um what kind of things would you like to

46

00:01:56,389 --> 00:01:55,119

eat

47

00:02:00,069 --> 00:01:56,399

in the future

48

00:02:04,389 --> 00:02:02,389

i don't know just like bigger and better

49

00:02:06,789 --> 00:02:04,399

things i think we can we have the
