

# ORION

1  
00:00:05,505 --> 00:00:08,341  
There are multiple  
suppliers across the United States

2  
00:00:08,341 --> 00:00:12,045  
that provide vital technical services  
to NASA's Artemis missions.

3  
00:00:12,479 --> 00:00:16,416  
For example, Arctic Slope  
Regional Corporation, based in Alaska,

4  
00:00:16,683 --> 00:00:21,287  
provides technical services and operations  
support to NASA's Orion spacecraft

5  
00:00:21,287 --> 00:00:23,623  
at the agency's Kennedy Space Center.

6  
00:00:23,623 --> 00:00:27,327  
This team supports human spacecraft  
assembly, testing, integration,

7  
00:00:27,327 --> 00:00:28,828  
and production.

8  
00:00:28,828 --> 00:00:33,033  
Further south, Integra Technologies  
in Albuquerque, New Mexico, assist

9  
00:00:33,033 --> 00:00:34,200  
in screening the quality

10  
00:00:34,200 --> 00:00:37,737  
of commercial parts for Boeing's  
work on the space launch system rocket.
