

1
00:00:02,480 --> 00:00:22,950
um

2
00:00:28,230 --> 00:00:25,269
this is navajo land

3
00:00:31,109 --> 00:00:28,240
25 000 miles of seemingly endless

4
00:00:34,709 --> 00:00:31,119
geological art encompassing parts of

5
00:00:37,270 --> 00:00:34,719
utah colorado new mexico and arizona

6
00:00:39,510 --> 00:00:37,280
it's a nation within a nation steeped in

7
00:00:41,830 --> 00:00:39,520
beauty and tradition

8
00:00:48,630 --> 00:00:41,840
but more and more the face of the navajo

9
00:00:53,590 --> 00:00:51,029
economic development is being encouraged

10
00:01:00,069 --> 00:00:53,600
on the reservation an area rich in

11
00:01:04,549 --> 00:01:02,150
many of the hogans that still dot the

12
00:01:06,550 --> 00:01:04,559
reservation at one time were the primary

13
00:01:08,630 --> 00:01:06,560

form of housing

14

00:01:10,630 --> 00:01:08,640

today it's in these hogans that the

15

00:01:13,270 --> 00:01:10,640

tribal tradition of rug weaving is

16

00:01:15,270 --> 00:01:13,280

practiced and passed on from generation

17

00:01:17,429 --> 00:01:15,280

to generation

18

00:01:20,230 --> 00:01:17,439

using the dexterity developed through

19

00:01:22,950 --> 00:01:20,240

years of honing this craft a group of

20

00:01:24,870 --> 00:01:22,960

women at the navajo-owned henry hillson

21

00:01:28,390 --> 00:01:24,880

company have sewn some of the blue

22

00:01:31,910 --> 00:01:28,400

jumpsuits worn by nasa astronauts

23

00:01:34,789 --> 00:01:31,920

each suit required 150 separate sewing

24

00:01:38,630 --> 00:01:34,799

functions and nearly all met nasa's

25

00:01:43,030 --> 00:01:40,630

it's a long way from the navajo

26

00:01:45,510 --> 00:01:43,040

reservation to the shuttle simulators

27

00:01:47,350 --> 00:01:45,520

and training aircraft at nasa's johnson

28

00:01:49,350 --> 00:01:47,360

space center in houston

29

00:01:51,670 --> 00:01:49,360

but it's the contrast that makes this

30

00:01:56,030 --> 00:01:51,680

relationship so intriguing

31

00:01:59,350 --> 00:01:57,910

self-sufficiency

32

00:02:02,550 --> 00:01:59,360

we want

33

00:02:05,510 --> 00:02:02,560

people outside the reservation to know

34

00:02:07,590 --> 00:02:05,520

that navajo nation is saying come

35

00:02:09,510 --> 00:02:07,600

just come see navajo

36

00:02:10,469 --> 00:02:09,520

give us your bottom line let us work

37

00:02:12,710 --> 00:02:10,479

with you

38

00:02:14,550 --> 00:02:12,720

because navajo means business and we

39

00:02:15,910 --> 00:02:14,560

like to have businesses for our young

40

00:02:18,630 --> 00:02:15,920

people

41

00:02:21,910 --> 00:02:18,640

sewing the astronaut suits
