

1
00:00:22,290 --> 00:00:16,420
alright I'll bring it in maybe I need

2
00:00:22,300 --> 00:01:24,160
I want to get it now

3
00:02:05,960 --> 00:01:26,230
he has a shop that you can't get hey

4
00:02:31,080 --> 00:02:08,359
brother

5
00:03:31,440 --> 00:02:33,720
you teleprinter cables hooked up day 15

6
00:03:31,450 --> 00:04:16,740
where'd you go

7
00:04:20,580 --> 00:04:19,090
okay better way to do that John

8
00:04:24,189 --> 00:04:20,590
we'll have Bob tap you on the shoulder

9
00:04:30,460 --> 00:04:24,199
when he's clear I'm gonna tap me twice

10
00:04:32,020 --> 00:04:30,470
okay yes and I even saw you go away I

11
00:04:33,670 --> 00:04:32,030
looked over and I didn't see John so I

12
00:05:10,350 --> 00:04:33,680
figured he was gone I was down in the

13
00:05:20,189 --> 00:05:12,600

there's no purse is there any ankle

14

00:05:21,839 --> 00:05:20,199

involved no you don't know once we

15

00:05:23,429 --> 00:05:21,849

finished raising you have it if you'll

16

00:05:24,959 --> 00:05:23,439

go down about halfway

17

00:05:26,760 --> 00:05:24,969

we'll just release the tension that

18

00:05:29,189 --> 00:05:26,770

you've got on here under that law your

19

00:05:30,629 --> 00:05:29,199

seat let low yourself down to speed it's

20

00:05:33,940 --> 00:05:30,639

for your hands don't don't

21

00:05:39,350 --> 00:05:36,840

so now what happens

22

00:05:41,689 --> 00:05:39,360

in real life

23

00:05:46,040 --> 00:05:41,699

but your buys are down at that point in

24

00:05:54,940 --> 00:05:48,469

right there with the free hand you can

25

00:06:00,640 --> 00:05:58,300

to make sure your visor is down you take

26

00:06:02,530 --> 00:06:00,650

this thing you popped away

27

00:06:10,219 --> 00:06:02,540

now you're free from the sky genie and

28

00:06:10,229 --> 00:06:32,390

make sure

29

00:09:40,970 --> 00:06:34,860

who's on the crane itself

30

00:09:44,910 --> 00:09:43,500

there's any ways you can thumb it with

31

00:09:45,630 --> 00:09:44,920

one hand but then you'd have to have a

32

00:09:46,860 --> 00:09:45,640

hand for the ropes

33

00:11:18,740 --> 00:09:46,870

every time you let it go it's going

34

00:11:27,680 --> 00:11:21,810

sky genies at number one sky

35

00:11:34,750 --> 00:11:30,400

so you're sitting on this on the side

36

00:11:37,570 --> 00:11:34,760

step on to that part and

37

00:11:39,400 --> 00:11:37,580

lower yourself back one thing that can't

38

00:11:40,960 --> 00:11:39,410

get hung up is your oxygen bottles can

39

00:11:42,550 --> 00:11:40,970

get hung up on the stands so just be

40

00:11:44,100 --> 00:11:42,560

aware of it - gets hung up on the stand

41

00:12:07,560 --> 00:11:44,110

you might have to

42

00:12:13,180 --> 00:12:10,180

yeah pull it and pretend like it didn't

43

00:12:16,660 --> 00:12:13,190

work you gotta do this walk your enemy

44

00:12:47,720 --> 00:12:16,670

for it you're supposed to pull it oh hey

45

00:12:47,730 --> 00:12:50,570

well

46

00:13:14,519 --> 00:12:53,430

now you grab the loose rope right there

47

00:13:18,779 --> 00:13:17,579

if you work too well why not gonna be

48

00:13:20,159 --> 00:13:18,789

allocated on the guy can be hooked up

49

00:13:23,459 --> 00:13:20,169

already to go right behind him

50

00:13:30,049 --> 00:13:23,469

I mean more than two you can't use no no

51
00:13:34,349 --> 00:13:32,069
takes a while for you to get on the side

52
00:13:36,539 --> 00:13:34,359
yeah and then you know Jim is way to

53
00:13:38,099 --> 00:13:36,549
work better I think so I pledged you had

54
00:13:39,149 --> 00:13:38,109
to wait for Bob to clear this way I was

55
00:13:40,799 --> 00:13:39,159
ready as soon as you were done yeah

56
00:13:42,569 --> 00:13:40,809
because you know it's been done you have

57
00:13:44,249 --> 00:13:42,579
to unwind the room I mean used another

58
00:13:45,989 --> 00:13:44,259
thing to get more slack in lines with a

59
00:13:47,429 --> 00:13:45,999
few guys did you get to the bottom just

60
00:15:34,780 --> 00:13:47,439
sit down on layaway and then walk

61
00:15:34,790 --> 00:15:39,160
and John by watching

62
00:15:43,639 --> 00:15:42,079
everybody would Tim should have no

63
00:15:46,040 --> 00:15:43,649

trouble getting time because a cable

64

00:15:47,960 --> 00:15:46,050

comes off to the wall yeah Jim comes off

65

00:15:50,360 --> 00:15:47,970

from the right yeah so you got a watch
