

1
00:03:06,140 --> 00:05:37,150
understand

2
00:05:47,990 --> 00:05:40,430
some coffee from Costa Rica which we

3
00:05:49,520 --> 00:05:48,000
were able to get now we're talking

4
00:06:00,890 --> 00:05:49,530
Franklin I hope you can bring some

5
00:08:04,120 --> 00:06:00,900
leftovers back for us here okay we'll

6
00:08:33,399 --> 00:08:07,120
it's a much longer and more development

7
00:09:37,699 --> 00:08:35,839
looks like that jet engine run it up

8
00:09:37,709 --> 00:10:13,210
yeah out of my office at night

9
00:10:13,220 --> 00:10:22,389
and then a great picture for flight next

10
00:10:22,399 --> 00:12:23,269
we have a picture from the flight deck

11
00:12:27,570 --> 00:12:25,590
I'm your appearance with Voice of

12
00:12:30,480 --> 00:12:27,580
America is still on for 20 minutes from

13
00:12:32,930 --> 00:12:30,490

now at 1825 and you can give me a thumbs

14

00:12:32,940 --> 00:13:01,120

it's got it

15

00:13:01,130 --> 00:13:11,620

you guys are wonderful

16

00:13:11,630 --> 00:13:47,750

thank you

17

00:13:52,100 --> 00:13:50,210

okay good and we will ask you and I'm

18

00:13:54,170 --> 00:13:52,110

sure it's going to be astonishing to

19

00:13:57,009 --> 00:13:54,180

many people how far you travel in a

20

00:14:00,139 --> 00:13:57,019

short space of time

21

00:14:03,710 --> 00:14:00,149

Lieutenant Colonel you have been

22

00:14:48,710 --> 00:14:03,720

conducting experiments with fire what

23

00:14:51,139 --> 00:14:48,720

have you been doing there has been a lot

24

00:14:57,379 --> 00:14:51,149

learned about fire and fire control in

25

00:15:00,259 --> 00:14:57,389

the various space missions good day sirs

26

00:15:02,660 --> 00:15:00,269

this is very wing Lieutenant Colonel

27

00:15:05,000 --> 00:15:02,670

pilots I know that you're the pilot of

28

00:15:07,790 --> 00:15:05,010

this ship Columbia underwent some

29

00:15:10,370 --> 00:15:07,800

overhauls back in 1992 but this bug is

30

00:15:13,250 --> 00:15:10,380

15 years old now and it's traveled 100

31

00:15:15,170 --> 00:15:13,260

million kilometres the time to give it a

32

00:15:44,559 --> 00:15:15,180

place in the Air and Space Museum across

33

00:15:48,710 --> 00:15:44,569

the street I know all of you are

34

00:15:50,780 --> 00:15:48,720

scientists looking for answers that your

35

00:15:53,150 --> 00:15:50,790

friends back in Houston and back in

36

00:15:57,139 --> 00:15:53,160

Italy can dream up but I was wondering

37

00:15:59,420 --> 00:15:57,149

something philosophical what you would

38

00:16:00,640 --> 00:15:59,430

see do you see any value in the

39

00:16:03,130 --> 00:16:00,650

experience of space

40

00:16:53,730 --> 00:16:03,140

right for non-scientists for example

41

00:16:58,870 --> 00:16:57,100

it's a much different here even for some

42

00:17:00,160 --> 00:16:58,880

of us our engineers you can't help but

43

00:17:02,230 --> 00:17:00,170

get a little artistic and philosophical
