

1  
00:01:04,410 --> 00:01:01,950  
okay so they are you getting a good

2  
00:01:10,860 --> 00:01:04,420  
picture down this it's a beautiful

3  
00:01:14,610 --> 00:01:10,870  
picture ok everybody else aside to be as

4  
00:01:20,280 --> 00:01:14,620  
quiet as possible and I guess yeah do

5  
00:01:21,870 --> 00:01:20,290  
you think more right yes we are there's

6  
00:01:26,760 --> 00:01:21,880  
nothing I special at least that we can

7  
00:01:29,640 --> 00:01:26,770  
serve attack takes the first thing I

8  
00:01:32,700 --> 00:01:29,650  
wanted to do is basically again the

9  
00:01:35,940 --> 00:01:32,710  
operation and more or less i would saw

10  
00:01:46,710 --> 00:01:35,950  
how we would do it normally and how we

11  
00:02:03,859 --> 00:01:46,720  
will do it on my prize period I remember

12  
00:02:47,220 --> 00:02:12,330  
the fair again how I would probably do

13  
00:02:52,280 --> 00:02:49,920

I will both of this nut and normally and

14

00:02:55,830 --> 00:02:52,290

then pull out something from endless

15

00:03:21,750 --> 00:02:55,840

they stole in Rio Bonita as I will

16

00:03:30,400 --> 00:03:28,030

good picture in we're reading off okay

17

00:03:40,970 --> 00:03:30,410

I'm glad and is this what sense was

18

00:03:48,050 --> 00:03:44,830

it's just what they wanted merge you

19

00:03:50,210 --> 00:03:48,060

damn it sounds good and happy and Willow

20

00:04:02,840 --> 00:03:50,220

reopen it and being as cautious as

21

00:04:02,850 --> 00:04:29,470

and efficient

22

00:04:34,910 --> 00:04:32,420

whatever so now are we move over to one

23

00:04:49,370 --> 00:04:34,920

corner and its load turn to the other

24

00:04:54,890 --> 00:04:52,130

we corner and move to the other

25

00:05:01,670 --> 00:04:54,900

one and then they voted ravages Fabregas

26  
00:05:37,860 --> 00:05:01,680  
yes and operate some of the same and if

27  
00:05:46,150 --> 00:05:42,760  
we're catching all this rich you I was

28  
00:06:07,600 --> 00:05:46,160  
doing a little bit brisk and then reopen

29  
00:08:31,649 --> 00:08:04,440  
ok

30  
00:08:37,240 --> 00:08:34,620  
sorry we are ready whenever you want

31  
00:08:39,670 --> 00:08:37,250  
they tech is very quiet and we'll try to

32  
00:09:10,400 --> 00:08:39,680  
be as light as possible here you can go

33  
00:09:26,460 --> 00:09:13,259  
mommy you can now wrap up Sam's and that

34  
00:09:30,060 --> 00:09:26,470  
was outstanding anything else they won't

35  
00:09:35,220 --> 00:09:30,070  
have to do that was really terrific we

36  
00:09:38,870 --> 00:09:35,230  
enjoyed the tour also head over here so

37  
00:09:38,880 --> 00:12:45,970  
yes sir

38  
00:12:53,620 --> 00:12:50,650

as you look at it provision it kind of

39

00:12:55,260 --> 00:12:53,630

loosely and now we're first came out

40

00:12:57,700 --> 00:12:55,270

into the air flow this one over here

41

00:13:01,150 --> 00:12:57,710

just kind of blew the probes right off

42

00:13:02,800 --> 00:13:01,160

of it with your floor I think then when

43

00:13:04,450 --> 00:13:02,810

the probe retracted it hits all the way

44

00:13:09,310 --> 00:13:04,460

back and then just kind of floated back

45

00:13:12,010 --> 00:13:09,320

out for the restaurant I just give the

46

00:14:32,380 --> 00:13:12,020

p.i heads up on what happened there now

47

00:14:32,390 --> 00:15:20,620

there we go

48

00:15:27,560 --> 00:15:23,810

well we have the fans off by this time

49

00:15:32,870 --> 00:15:27,570

but can see that the flame burns pretty

50

00:15:54,530 --> 00:15:32,880

good yeah it's a little surprising how

51  
00:16:01,980 --> 00:15:58,530  
Columbia Houston we have our first 1000

52  
00:16:13,410 --> 00:16:01,990  
our space shuttle time astronaut Jeff

53  
00:16:15,300 --> 00:16:13,420  
Hoffman 30 seconds ago well I just got

54  
00:16:18,930 --> 00:16:15,310  
up a little bit early Dave so that I

55  
00:16:20,430 --> 00:16:18,940  
could savor the moment and like I told

56  
00:16:24,450 --> 00:16:20,440  
you before it's just been fun getting

57  
00:16:28,020 --> 00:16:24,460  
here and I look forward to stay enjoyed

58  
00:16:30,660 --> 00:16:28,030  
by Franklin at the end of the mission so

59  
00:16:32,670 --> 00:16:30,670  
thanks for the good words Roger that

60  
00:16:34,680 --> 00:16:32,680  
Jeff um we were just talking about your

61  
00:16:38,760 --> 00:16:34,690  
accomplishments and you've had some

62  
00:16:41,370 --> 00:16:38,770  
great missions and just done a superb

63  
00:16:42,900 --> 00:16:41,380

job as a Shuttle astronaut and no one
