

1
00:00:07,110 --> 00:00:04,710
tonight our earth will have completed

2
00:00:08,950 --> 00:00:07,120
another orbit around the sun and now we

3
00:00:10,790 --> 00:00:08,960
take stock of what we accomplished over

4
00:00:15,190 --> 00:00:10,800
the past year and what we hope to

5
00:00:19,269 --> 00:00:16,790
as we look back at the achievements of

6
00:00:21,830 --> 00:00:19,279
the past year 2008 was the year when the

7
00:00:24,310 --> 00:00:21,840
space station became international

8
00:00:25,910 --> 00:00:24,320
in 2009 our new year's resolution was to

9
00:00:29,990 --> 00:00:25,920
increase the size of the crew on board

10
00:00:34,069 --> 00:00:31,750
at the dawn of a new year

11
00:00:36,310 --> 00:00:34,079
sandy yuri and i would like to wish

12
00:00:38,950 --> 00:00:36,320
everyone on beautiful planet earth a

13
00:00:40,869 --> 00:00:38,960

happy new year and in the languages of

14

00:00:43,110 --> 00:00:40,879

each of the countries who are partners

15

00:00:46,150 --> 00:00:43,120

of our great international space station

16

00:00:46,160 --> 00:00:56,229

peace
