

MODIS Snow

MODIS Sea Ice Temperature

11/30/2002

IPA Permafrost (pale green)

Permafrost covers 18% of exposed land in the Northern Hemisphere.

A satellite map of the Northern Hemisphere showing snow cover, sea ice temperature, and permafrost. The map is centered on the North Pole, with the Arctic region and surrounding landmasses visible. Snow is shown in white, sea ice in light blue, and permafrost in pale green. The date 11/30/2002 is displayed in the top right corner. The text 'MODIS Snow' and 'MODIS Sea Ice Temperature' are in the top left, and 'IPA Permafrost (pale green)' is in the middle left. A large text box at the bottom states 'Permafrost covers 18% of exposed land in the Northern Hemisphere.'
