

1
00:00:06,230 --> 00:00:03,990
greetings nasa it's me stephen colbert

2
00:00:07,590 --> 00:00:06,240
and i just want to congratulate you on a

3
00:00:10,230 --> 00:00:07,600
great year

4
00:00:14,070 --> 00:00:10,240
your dramatic pictures from cassini

5
00:00:15,910 --> 00:00:14,080
finding water on mars and your dramatic

6
00:00:17,670 --> 00:00:15,920
discovery of a new administration that

7
00:00:20,070 --> 00:00:17,680
believes in science

8
00:00:22,870 --> 00:00:20,080
though i urge you to never give up on

9
00:00:25,750 --> 00:00:22,880
president bush's bold challenge before

10
00:00:28,390 --> 00:00:25,760
this decade is out we must launch a

11
00:00:30,550 --> 00:00:28,400
probe to find out if there's oil in

12
00:00:32,950 --> 00:00:30,560
heaven

13
00:00:34,870 --> 00:00:32,960

and it's been a great year

14

00:00:37,350 --> 00:00:34,880

for me too

15

00:00:40,790 --> 00:00:37,360

i of course was the winner of your

16

00:00:43,030 --> 00:00:40,800

online node naming competition

17

00:00:45,029 --> 00:00:43,040

despite my coming in first place in the

18

00:00:46,389 --> 00:00:45,039

popular vote you named the node

19

00:00:47,270 --> 00:00:46,399

tranquility

20

00:00:49,510 --> 00:00:47,280

yeah

21

00:00:51,510 --> 00:00:49,520

that'll scare the aliens they're not

22

00:00:54,229 --> 00:00:51,520

going to mess with earth now we might

23

00:00:55,910 --> 00:00:54,239

get all relaxed at them

24

00:00:58,470 --> 00:00:55,920

but i was still honored to receive the

25

00:01:00,630 --> 00:00:58,480

traditional nasa consolation prize

26
00:01:03,029 --> 00:01:00,640
a space treadmill

27
00:01:04,549 --> 00:01:03,039
i couldn't be prouder that my treadmill

28
00:01:06,870 --> 00:01:04,559
will soon be installed on the

29
00:01:09,350 --> 00:01:06,880
international space station to help

30
00:01:10,870 --> 00:01:09,360
finally slim down all those chubby

31
00:01:13,030 --> 00:01:10,880
astronauts

32
00:01:14,710 --> 00:01:13,040
let's face it being weightless is mostly

33
00:01:17,109 --> 00:01:14,720
just a desperate bid to get away from

34
00:01:19,109 --> 00:01:17,119
that bathroom scale every morning

35
00:01:22,070 --> 00:01:19,119
but you guys and gals are ambassadors to

36
00:01:26,070 --> 00:01:22,080
the universe don't make us look bad put

37
00:01:27,830 --> 00:01:26,080
down the astronaut ice cream tubby

38
00:01:29,350 --> 00:01:27,840

tubby 2x4 couldn't fit through the

39

00:01:34,310 --> 00:01:29,360

airlock door

40

00:01:37,910 --> 00:01:36,149

so hit the combined operational

41

00:01:40,390 --> 00:01:37,920

load-bearing external resistance

42

00:01:41,830 --> 00:01:40,400

treadmill or bear but remember to

43

00:01:43,270 --> 00:01:41,840

stretch out first

44

00:01:45,830 --> 00:01:43,280

because in space

45

00:01:48,230 --> 00:01:45,840

no one can hear you pull a hammy

46

00:01:50,310 --> 00:01:48,240

now in closing i just want to say we are

47

00:01:52,230 --> 00:01:50,320

all huge fans here and it has been a

48

00:01:53,670 --> 00:01:52,240

true honor to make merciless fun of you

49

00:01:56,069 --> 00:01:53,680

this year

50

00:01:58,789 --> 00:01:56,079

now this is stephen colbert saying
