

1
00:00:08,390 --> 00:00:04,630
well hi guys this is sully sullenberger

2
00:00:13,030 --> 00:00:10,950
happy new year welcome aboard the

3
00:00:15,509 --> 00:00:13,040
international space station sir great to

4
00:00:17,349 --> 00:00:15,519
have you here oh this is a chance of a

5
00:00:18,950 --> 00:00:17,359
lifetime for me

6
00:00:23,670 --> 00:00:18,960
so how is it up there to meet your

7
00:00:25,750 --> 00:00:24,550
uh

8
00:00:26,950 --> 00:00:25,760
yeah i think

9
00:00:29,589 --> 00:00:26,960
most people say it meets your

10
00:00:30,630 --> 00:00:29,599
expectations plus a lot more

11
00:00:32,069 --> 00:00:30,640
because

12
00:00:34,389 --> 00:00:32,079
as you know things like this you have to

13
00:00:36,389 --> 00:00:34,399

really experience to really get the full

14

00:00:37,910 --> 00:00:36,399

content of it

15

00:00:39,590 --> 00:00:37,920

now these guys have just arrived so

16

00:00:42,150 --> 00:00:39,600

they're still uh

17

00:00:44,470 --> 00:00:42,160

still taking it in and still you know

18

00:00:47,270 --> 00:00:44,480

getting up to speed and whatnot i'm

19

00:00:49,190 --> 00:00:47,280

ready to come home frankly

20

00:00:50,549 --> 00:00:49,200

oh i can see you guys on the monitor now

21

00:00:53,430 --> 00:00:50,559

but uh

22

00:00:54,630 --> 00:00:53,440

hey listen for uh for both of you

23

00:00:55,830 --> 00:00:54,640

thank you for your service to our

24

00:00:57,189 --> 00:00:55,840

country

25

00:00:59,349 --> 00:00:57,199

and um

26

00:01:01,189 --> 00:00:59,359

and i i bet your families are going to

27

00:01:03,750 --> 00:01:01,199

be great happy to see you when you get

28

00:01:05,590 --> 00:01:03,760

back but if it were i i think i would

29

00:01:07,270 --> 00:01:05,600

have my face up against the glass for

30

00:01:11,990 --> 00:01:07,280

quite a while and have a hard time doing

31

00:01:15,910 --> 00:01:13,750

there's always that temptation uh we

32

00:01:18,710 --> 00:01:15,920

have a few windows around here and uh i

33

00:01:21,190 --> 00:01:18,720

know i've spent a fair amount of time in

34

00:01:22,630 --> 00:01:21,200

there when i have a moment or two

35

00:01:25,109 --> 00:01:22,640

one of the things that we're always

36

00:01:26,630 --> 00:01:25,119

trying to do is is capture

37

00:01:28,070 --> 00:01:26,640

the experience that we can share with

38

00:01:29,830 --> 00:01:28,080

others on the ground the best way to do

39

00:01:32,310 --> 00:01:29,840

that is through photography

40

00:01:35,270 --> 00:01:32,320

i'll bet and so

41

00:01:37,190 --> 00:01:35,280

i haven't spent much time in

42

00:01:38,950 --> 00:01:37,200

in japan but

43

00:01:40,310 --> 00:01:38,960

never every

44

00:01:41,990 --> 00:01:40,320

one of your countrymen with whom i've

45

00:01:43,670 --> 00:01:42,000

come in contact

46

00:01:48,149 --> 00:01:43,680

i have great respect for it for you and

47

00:01:51,749 --> 00:01:50,069

well thank you very much uh yeah first

48

00:01:52,550 --> 00:01:51,759

of all it's a great honor to talk to you

49

00:01:56,389 --> 00:01:52,560

on the

50

00:01:59,350 --> 00:01:56,399

chance to

51
00:02:02,389 --> 00:01:59,360
fly over japan and uh we have also a

52
00:02:06,550 --> 00:02:04,550
i'm very excited to uh see my own

53
00:02:08,790 --> 00:02:06,560
country my own lines a lot

54
00:02:10,710 --> 00:02:08,800
well i was just in pasadena california

55
00:02:13,350 --> 00:02:10,720
for the rose parade and right before it

56
00:02:14,630 --> 00:02:13,360
started uh japanese television asked me

57
00:02:16,309 --> 00:02:14,640
to

58
00:02:18,390 --> 00:02:16,319
record a quick

59
00:02:23,830 --> 00:02:18,400
happy new year message to everybody in

60
00:02:27,030 --> 00:02:24,869
great uh

61
00:02:29,589 --> 00:02:27,040
believe it or not we actually watched

62
00:02:31,830 --> 00:02:29,599
the news the other day and i saw you on

63
00:02:33,190 --> 00:02:31,840

the floor that the roads parade so uh

64

00:02:37,910 --> 00:02:33,200

actually

65

00:02:42,790 --> 00:02:41,030

a surreal year for us and this is yet

66

00:02:44,229 --> 00:02:42,800

another amazing opportunity i'd never

67

00:02:46,150 --> 00:02:44,239

expected to have so

68

00:02:47,350 --> 00:02:46,160

it's wonderful to be able to talk to all

69

00:02:48,630 --> 00:02:47,360

three of you on the international space

70

00:02:52,869 --> 00:02:48,640

station and thank you for the important

71

00:02:58,229 --> 00:02:55,750

well thank you very much and uh olek uh

72

00:02:59,589 --> 00:02:58,239

kotov and maxim saraya for at the other

73

00:03:02,710 --> 00:02:59,599

end of the russian segment they really

74

00:03:04,309 --> 00:03:02,720

wanted to be here as well to say hello

75

00:03:05,670 --> 00:03:04,319

they send their greetings they're

76

00:03:08,390 --> 00:03:05,680

actually uh

77

00:03:10,630 --> 00:03:08,400

doing a physical fitness test right now

78

00:03:12,949 --> 00:03:10,640

it was it was timed right now they had

79

00:03:15,270 --> 00:03:12,959

to do it on a russian compass

80

00:03:18,070 --> 00:03:15,280

uh to prepare for a spacewalk that

81

00:03:20,790 --> 00:03:18,080

they're gonna do next week so they sent

82

00:03:22,710 --> 00:03:20,800

their regrets well please pass on to

83

00:03:27,430 --> 00:03:22,720

olynyk and maxine for me uh my best

84

00:03:30,149 --> 00:03:28,869

absolutely

85

00:03:32,149 --> 00:03:30,159

and just

86

00:03:33,910 --> 00:03:32,159

from all of us here it is an absolute

87

00:03:35,589 --> 00:03:33,920

honor we wouldn't necessarily want to

88

00:03:37,990 --> 00:03:35,599

trade places to come here you speak to

89

00:03:38,949 --> 00:03:38,000

90

00:03:40,229 --> 00:03:38,959

that i

91

00:03:42,070 --> 00:03:40,239

hope that

92

00:03:43,430 --> 00:03:42,080

the news gets up to us from about your

93

00:03:44,949 --> 00:03:43,440

audience there i hope well it's going to

97

00:03:54,309 --> 00:03:51,599

be a wonderful opportunity that my joke

98

00:03:56,309 --> 00:03:54,319

is it's just amazing the the length to

99

00:03:58,149 --> 00:03:56,319

which i had to go to get this invitation

100

00:04:03,670 --> 00:03:58,159
