

A blue-tinted portrait of a man, likely Martin Luther King Jr., is shown in the background. The text "I HAVE A DREAM" is overlaid on the image in a light blue, serif font, arranged in four lines: "I", "HAVE", "A", and "DREAM".

I
HAVE
A
DREAM

1
00:00:09,890 --> 00:00:06,800
he cannot walk alone as we walk he must

2
00:00:15,320 --> 00:00:09,900
make the plan to be shall always March

3
00:00:17,150 --> 00:00:15,330
ahead he get off turn back dr. Martin

4
00:00:18,560 --> 00:00:17,160
Luther King was a transformative figure

5
00:00:21,040 --> 00:00:18,570
of the 20th century whose achievements

6
00:00:23,810 --> 00:00:21,050
remain unparalleled in American history

7
00:00:26,330 --> 00:00:23,820
he was able to unite a nation at a time

8
00:00:27,740 --> 00:00:26,340
of racial strife and divisiveness and he

9
00:00:29,120 --> 00:00:27,750
helped bring to light and lay the

10
00:00:31,880 --> 00:00:29,130
groundwork for eliminating racial

11
00:00:33,530 --> 00:00:31,890
injustice in our country as the nation

12
00:00:36,650 --> 00:00:33,540
has moved forward in the years since his

13
00:00:38,330 --> 00:00:36,660

death while challenges still remain dr.

14

00:00:40,790 --> 00:00:38,340

King's legacy has continued to grow

15

00:00:42,260 --> 00:00:40,800

stronger milestones have been achieved

16

00:00:45,319 --> 00:00:42,270

and the nation has seen extraordinary

17

00:00:47,750 --> 00:00:45,329

changes for the better nASA has been no

18

00:00:49,940 --> 00:00:47,760

exception to this remarkable progress

19

00:00:51,830 --> 00:00:49,950

the astronaut corps today is truly

20

00:00:54,380 --> 00:00:51,840

diverse group of highly capable and

21

00:00:56,150 --> 00:00:54,390

talented individuals the same is true of

22

00:00:58,910 --> 00:00:56,160

the engineers and scientists in our

23

00:01:01,459 --> 00:00:58,920

ranks who every day are helping to open

24

00:01:03,740 --> 00:01:01,469

new technological doors and expand our

25

00:01:06,590 --> 00:01:03,750

understanding of the universe especially

26

00:01:09,530 --> 00:01:06,600

our own planet Earth but let's not stop

27

00:01:11,210 --> 00:01:09,540

there dr. King's life and legacy ask us

28

00:01:13,340 --> 00:01:11,220

to carry on the important work of making

29

00:01:15,920 --> 00:01:13,350

our lives better and our communities

30

00:01:18,499 --> 00:01:15,930

better places in which to live we set

31

00:01:20,719 --> 00:01:18,509

aside a day in dr. King's name each year

32

00:01:23,270 --> 00:01:20,729

to commemorate his life's work and to

33

00:01:25,190 --> 00:01:23,280

honor his vision one way we can do this

34

00:01:28,010 --> 00:01:25,200

is through citizen action and volunteer

35

00:01:29,630 --> 00:01:28,020

service so let each of us take time to

36

00:01:32,569 --> 00:01:29,640

offer that service within our

37

00:01:34,310 --> 00:01:32,579

communities in our schools or any other

38

00:01:36,140 --> 00:01:34,320

place that we can be of assistance to

39

00:01:38,450 --> 00:01:36,150

the cause of making a better future I

40

00:01:40,880 --> 00:01:38,460

ask that you join with me and

41

00:01:44,060 --> 00:01:40,890

celebrating dr. Martin Luther King jr.

42

00:01:46,830 --> 00:01:44,070

Day and in honoring the man and his

43

00:01:53,300 --> 00:01:46,840

vision I have a dream

44

00:01:56,749 --> 00:01:53,310

but one day this nation will rise up

45

00:01:59,969 --> 00:01:56,759

live out the true meaning of its Creed

46

00:02:04,440 --> 00:01:59,979

we hold these truths to be self-evident
