

1
00:00:04,950 --> 00:00:02,629
the first spacewalk of 2010 at the

2
00:00:06,869 --> 00:00:04,960
international space station began with

3
00:00:08,070 --> 00:00:06,879
the hatch opening to the piers docking

4
00:00:11,350 --> 00:00:08,080
compartment

5
00:00:13,830 --> 00:00:11,360
astronauts oleg kotov and max royf mated

6
00:00:16,390 --> 00:00:13,840
cables for the new poisk modules kers

7
00:00:18,550 --> 00:00:16,400
automated rendezvous system installed

8
00:00:20,950 --> 00:00:18,560
ker's antennas on poisk as well as

9
00:00:23,029 --> 00:00:20,960
docking targets and routed an ethernet

10
00:00:26,390 --> 00:00:23,039
cable for data transmission between

11
00:00:29,029 --> 00:00:26,400
poisk and zvezda the two cosmonauts also

12
00:00:30,870 --> 00:00:29,039
installed handrails near the poisk eva

13
00:00:33,590 --> 00:00:30,880

hatches and retrieved a science

14

00:00:36,470 --> 00:00:33,600

experiment near the hatch of piers

15

00:00:38,709 --> 00:00:36,480

the spacewalk lasted 5 hours and 44

16

00:00:42,069 --> 00:00:38,719

minutes and set the stage for the

17

00:00:45,110 --> 00:00:42,079

scheduled relocation of the soyuz tma-16

18

00:00:48,069 --> 00:00:45,120

spacecraft by soroyf and iss commander

19

00:00:50,869 --> 00:00:48,079

jeff williams on january 21st
