

1
00:00:06,150 --> 00:00:04,390
discovery the next space shuttle

2
00:00:08,470 --> 00:00:06,160
scheduled to fly to the international

3
00:00:10,870 --> 00:00:08,480
space station was hoisted and attached

4
00:00:13,350 --> 00:00:10,880
to its external fuel tank and twin solid

5
00:00:16,150 --> 00:00:13,360
rocket boosters on february 22nd and

6
00:00:31,349 --> 00:00:16,160
23rd in the vehicle assembly building at

7
00:00:35,750 --> 00:00:33,190
a seven-member international crew

8
00:00:38,069 --> 00:00:35,760
commanded by astronaut alan poindexter

9
00:00:40,470 --> 00:00:38,079
will deliver a multi-purpose logistics

10
00:00:42,069 --> 00:00:40,480
module filled with science racks to be

11
00:00:43,310 --> 00:00:42,079
transferred to the space station's

12
00:00:45,910 --> 00:00:43,320
laboratories

13
00:00:49,110 --> 00:00:45,920

sts-131 is targeted to begin with the

14

00:00:52,709 --> 00:00:49,120

liftoff from kennedy's launch pad 39a on
