

1
00:00:05,110 --> 00:00:02,550
all right guys give me a smile

2
00:00:07,829 --> 00:00:05,120
expedition 22 commander jeff williams

3
00:00:09,910 --> 00:00:07,839
and soyuz commander max rojev said

4
00:00:13,509 --> 00:00:09,920
goodbye to the members of the expedition

5
00:00:15,990 --> 00:00:13,519
23 crew in the early hours of march 18th

6
00:00:19,590 --> 00:00:16,000
after completing 167 days on the

7
00:00:24,710 --> 00:00:21,269
station

8
00:00:26,950 --> 00:00:24,720
bye-bye later at 7 24 a.m eastern

9
00:00:28,870 --> 00:00:26,960
daylight time their soyuz capsule

10
00:00:31,509 --> 00:00:28,880
parachuted to a safe landing on the

11
00:00:33,750 --> 00:00:31,519
steppe of kazakhstan working in snow and

12
00:00:35,350 --> 00:00:33,760
frigid temperatures the russian recovery

13
00:00:37,670 --> 00:00:35,360

team extracted the duo from the

14

00:00:38,869 --> 00:00:37,680

spacecraft to start their adaptation to

15

00:00:40,310 --> 00:00:38,879

gravity

16

00:00:43,110 --> 00:00:40,320

remaining on the station are flight

17

00:00:45,670 --> 00:00:43,120

engineers suici naguchi and tj creamer

18

00:00:48,709 --> 00:00:45,680

and new expedition 23 commander oleg

19

00:00:50,549 --> 00:00:48,719

kotov the trio who will stay until june

20

00:00:52,470 --> 00:00:50,559

joined williams and soroyev after

21

00:00:53,830 --> 00:00:52,480

arriving in their soyuz spacecraft last

22

00:00:56,310 --> 00:00:53,840

december

23

00:00:58,869 --> 00:00:56,320

joining expedition 23 and expanding the

24

00:01:01,670 --> 00:00:58,879

station crew to six will be alexander

25

00:01:03,910 --> 00:01:01,680

skvortsov tracy caldwell dyson and
