

1
00:00:04,470 --> 00:00:02,550
ladies and gentlemen let's welcome from

2
00:00:07,269 --> 00:00:04,480
upper marlborough maryland

3
00:00:09,030 --> 00:00:07,279
colonel t.j kramer and so ichinoguchi

4
00:00:13,589 --> 00:00:09,040
for the eyewitness news morning edition

5
00:00:16,550 --> 00:00:15,509
we're doing just splendidly the key

6
00:00:17,910 --> 00:00:16,560
thing is that we're having a great not

7
00:00:19,429 --> 00:00:17,920
only a great time up here but but we're

8
00:00:21,830 --> 00:00:19,439
doing some exciting stuff and we get to

9
00:00:22,550 --> 00:00:21,840
see wonderful things about the earth

10
00:00:24,230 --> 00:00:22,560
and

11
00:00:25,990 --> 00:00:24,240
it's an example of everyone working

12
00:00:29,029 --> 00:00:26,000
together i think it's a really exciting

13
00:00:33,270 --> 00:00:31,189

where are you in the uh in the space

14

00:00:37,590 --> 00:00:33,280

station right now what what what's your

15

00:00:40,630 --> 00:00:39,190

well at the moment last time i checked

16

00:00:42,869 --> 00:00:40,640

and be quiet with you at this very

17

00:00:44,229 --> 00:00:42,879

moment i don't i don't remember where we

18

00:00:46,310 --> 00:00:44,239

are at the moment but we just recently

19

00:00:50,069 --> 00:00:46,320

flew over europe heading south towards

20

00:00:52,389 --> 00:00:50,079

saudi arabia and coming back around

21

00:00:55,270 --> 00:00:52,399

so my question was about inside the

22

00:00:58,950 --> 00:00:55,280

actual space station itself which module

23

00:01:01,990 --> 00:01:01,189

we are in what's called harmony or node

24

00:01:04,310 --> 00:01:02,000

two

25

00:01:06,710 --> 00:01:04,320

and it's a major junction between the

26

00:01:10,789 --> 00:01:06,720

japanese module on our right and the

27

00:01:14,230 --> 00:01:12,870

you know this tj this is not bad for

28

00:01:16,710 --> 00:01:14,240

loyola

29

00:01:25,510 --> 00:01:16,720

college of baltimore graduate i got to

30

00:01:28,310 --> 00:01:26,950

have you looked down at baltimore and

31

00:01:33,510 --> 00:01:28,320

thought to yourself i used to go to

32

00:01:37,749 --> 00:01:36,069

well thank you very much for asking um

33

00:01:39,510 --> 00:01:37,759

we've we've flown over baltimore several

34

00:01:41,830 --> 00:01:39,520

times and i have done my best to take

35

00:01:43,350 --> 00:01:41,840

shots of of the college area the the

36

00:01:47,910 --> 00:01:43,360

places that we've been to the inner

37

00:01:49,830 --> 00:01:47,920

harbor um good memories good foundation

38

00:01:51,270 --> 00:01:49,840

it actually is it's very inspiring for

39

00:01:54,149 --> 00:01:51,280

me to remember that that's where the

40

00:01:56,149 --> 00:01:54,159

roots were

41

00:01:58,630 --> 00:01:56,159

i've got to tell you i spend many an

42

00:02:00,310 --> 00:01:58,640

hour on my deck watching you go over and

43

00:02:02,709 --> 00:02:00,320

with a good pair of binoculars now i can

44

00:02:04,550 --> 00:02:02,719

make out more of a shape to you but i've

45

00:02:06,709 --> 00:02:04,560

often wondered you can look down from

46

00:02:08,710 --> 00:02:06,719

there and see loyola university they

47

00:02:14,150 --> 00:02:08,720

changed the name while you're gone or or

48

00:02:18,150 --> 00:02:16,630

it is on a clear day when the air is

49

00:02:19,589 --> 00:02:18,160

still and the lighting is right we can

50

00:02:21,589 --> 00:02:19,599

actually see buildings we can actually

51
00:02:23,990 --> 00:02:21,599
see cars in the parking lots if you have

52
00:02:25,589 --> 00:02:24,000
the the right lenses and stuff so ichi

53
00:02:27,910 --> 00:02:25,599
takes an awful lot of pictures of the

54
00:02:29,670 --> 00:02:27,920
earth and and some of his shots

55
00:02:32,070 --> 00:02:29,680
demonstrate real good clarity what we

56
00:02:37,270 --> 00:02:34,470
matter of fact salichi i gotta tell you

57
00:02:39,589 --> 00:02:37,280
i follow you on twitter as a matter of

58
00:02:40,630 --> 00:02:39,599
fact our audience right now can see the

59
00:02:42,790 --> 00:02:40,640
picture

60
00:02:45,190 --> 00:02:42,800
of the moon that you put up a couple of

61
00:02:47,270 --> 00:02:45,200
days ago from the international space

62
00:02:51,190 --> 00:02:47,280
station you're having a blast up there

63
00:02:54,710 --> 00:02:52,790

well first of all thank you for

64

00:02:56,949 --> 00:02:54,720

following my twitter

65

00:02:59,110 --> 00:02:56,959

and uh you know the station is a great

66

00:03:01,190 --> 00:02:59,120

place to see earth and moon and

67

00:03:04,710 --> 00:03:01,200

everything else and i like to share all

68

00:03:06,309 --> 00:03:04,720

the great images to you

69

00:03:08,229 --> 00:03:06,319

but you just put up a really cool

70

00:03:09,910 --> 00:03:08,239

picture of lake

71

00:03:11,190 --> 00:03:09,920

shinji

72

00:03:13,030 --> 00:03:11,200

and uh

73

00:03:14,949 --> 00:03:13,040

a bay near it

74

00:03:22,229 --> 00:03:14,959

in your home country of japan i mean

75

00:03:27,110 --> 00:03:24,630

yes thank you very much yeah and uh i'm

76

00:03:29,589 --> 00:03:27,120

very happy to read all the comments from

77

00:03:31,830 --> 00:03:29,599

you guys and uh you know

78

00:03:33,589 --> 00:03:31,840

earth is just beautiful breathtaking

79

00:03:36,309 --> 00:03:33,599

beautiful and i'm glad to hear that you

80

00:03:39,910 --> 00:03:38,869

okay i'm loving the polo shirts in the

81

00:03:41,910 --> 00:03:39,920

khakis

82

00:03:44,149 --> 00:03:41,920

but as somebody who you know likes to

83

00:03:45,750 --> 00:03:44,159

feel at home when i'm at home uh do you

84

00:03:47,270 --> 00:03:45,760

guys spend all your time dressed or you

85

00:03:49,830 --> 00:03:47,280

fly around your underwear from top to

86

00:03:53,670 --> 00:03:52,229

but nobody's looking

87

00:03:55,589 --> 00:03:53,680

um

88

00:03:57,110 --> 00:03:55,599

that's right right exactly no no i

89

00:03:57,910 --> 00:03:57,120

actually actually we're pretty demure

90

00:03:59,830 --> 00:03:57,920

here

91

00:04:01,910 --> 00:03:59,840

um we get dressed up for important

92

00:04:03,429 --> 00:04:01,920

events like talking with you guys

93

00:04:04,949 --> 00:04:03,439

we typically wear comfortable clothes

94

00:04:06,550 --> 00:04:04,959

when we're working because we're

95

00:04:07,830 --> 00:04:06,560

crawling around doing maintenance and

96

00:04:10,070 --> 00:04:07,840

all that kind of stuff

97

00:04:12,789 --> 00:04:10,080

and uh yeah typically we're wearing

98

00:04:16,949 --> 00:04:14,470

look you just got a question from the

99

00:04:19,189 --> 00:04:16,959

guy who asked elmo if he gets longer or

100

00:04:20,949 --> 00:04:19,199

drag cleaned so take it in the spirit

101
00:04:22,710 --> 00:04:20,959
